NATIONAL SCIENCE FOUNDATION

Notice of Permit Modification Received under the Antarctic Conservation Act of 1978

AGENCY: National Science Foundation.

ACTION: Notice of permit modification request received and permit issued.

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of requests to modify permits issued to conduct activities regulated under the Antarctic Conservation Act of 1978. This is the required notice of a requested permit modification and permit issued.

The permit modification was issued on August 17, 2021.

FOR FURTHER INFORMATION CONTACT: Polly Penhale, ACA Permit Officer, Office of Polar Programs, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314; 703-292-7420; e-mail: ACApermits@nsf.gov.

SUPPLEMENTARY INFORMATION:

The National Science Foundation (NSF), as directed by the Antarctic Conservation Act of 1978 (Public Law 95-541, 45 CFR 670), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas a requiring special protection.

NSF issued a permit (ACA 2017-015) to Leidos Innovations Group on October 30, 2016. The issued permit allows the permit holder entry into Antarctic Specially Protected Areas (ASPA). The following ASPAs containing historic huts from the Heroic Age of Antarctic Exploration: ASPA 155 Cape Evans, Ross Island; ASPA 157 Backdoor Bay, Cape Royds, Ross; ASPA 158 Hut Point, Ross Island and ASPA 159 Cape Adare, Borchgrevink Coast. The permit allows for educational visits to the historic huts for persons associated with the United States Antarctic Program.

The permit holder proposes a permit modification to extend the expiration date of the permit until January 31, 2023.

The Environmental Officer has reviewed the modification request and has determined that the
amendment is not a material change to the permit, and it will have a less than a minor or transitory impact.

Erika N. Davis,

Program Specialist,

Office of Polar Programs.
