DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID  DoD-2021-OS-0089]

Privacy Act of 1974; System of Records

AGENCY:  Under Secretary of Defense for Personnel and Readiness (USD(P&R)), Department of Defense (DoD).

ACTION:  Notice of a new system of records.

SUMMARY:  The USD(P&R) is establishing a new system of records titled “Problematic Sexual Behavior in Children and Youth (PSB-CY) Information System,” DPR 50. This system of records supports operation of the PSB-CY Information System, which was created to satisfy a congressional mandate that the DoD establish a centralized database of information on incidents of problematic sexual behavior in children and youth occurring on U.S. military installations. The PSB-CY Information System is used to document, coordinate, and manage the continuum of care provided to children, youth, and their families in order to identify, report, respond, and intervene in incidents of PSB-CY. The system will also support the implementation of well-coordinated safety planning, support services, and referrals to specialized services when appropriate that will meet the complex needs of children, youth, and their families involved in incidents of PSB-CY.

DATES:  This system of records is effective upon publication; however, comments on the Routine Uses will be accepted on or before [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]. The Routine Uses are effective at the close of the comment period.

ADDRESSES:  You may submit comments, identified by docket number and title, by any of the following methods:

I. Background

Section 1089 of Public Law 115-232, “Policy on Response to Juvenile-on-Juvenile Problematic Sexual Behavior Committed on Military Installations,” mandates the establishment of a centralized database of information on incidents of problematic sexual behavior in children and youth on U.S. military installations. The DoD established the PSB-CY Information System to satisfy this legal requirement. This notice alerts the public to the existence and operation of this new system of records pursuant to the Privacy Act.

The PSB-CY Information System will capture inputs from multiple DoD agencies, thereby consolidating and tracking record-level information for each incident of PSB-CY that is reported to the Department. Tracking in the PSB-CY Information System will span the full life-cycle of an incident, consolidating and tracking the case from the time of report through the coordinated community response continuum of care to resolution and closure. The system will maintain separate records on both exhibiting and impacted children related to incidents of problematic sexual behavior in children and youth on U.S. Military installations. The system
will also be used as a management tool for statistical analysis, tracking, reporting, evaluating program effectiveness and continuous improvement.

DoD SORNs have been published in the Federal Register and are available from the address in FOR FURTHER INFORMATION CONTACT or at the Defense Privacy, Civil Liberties, and Transparency Division website at https://dpcltd.defense.gov.

II. Privacy Act

Under the Privacy Act, a “system of records” is a group of records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act an individual is defined as a U.S. citizen or lawful permanent resident.

In accordance with 5 U.S.C. sec. 552a(r) and Office of Management and Budget (OMB) Circular No. A-108, the DoD has provided a report of this system of records to the OMB and to Congress.

Dated: August 18, 2021.
