**Changes Since the Preliminary Results**

After evaluating the comments received from interested parties and record information, we have made no changes to the net subsidy rate calculated for Chandan Steel Limited (Chandan) or Kisaan Die Tech Pvt Ltd. (Kisaan). For a discussion of these comments, *see* the Issues and Decision Memorandum.

**Methodology**

Commerce is conducting this review in accordance with section 751(a)(l)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we find that there is a subsidy, *i.e.*, a financial contribution from a government or public entity that gives rise to a benefit to the recipient, and the subsidy is specific.³ For a full description of the methodology underlying our conclusions, *see* the Issues and Decision Memorandum.

**Companies Not Selected for Individual Review**

For the companies not selected for individual review, because the rates calculated for Chandan and Kisaan are above *de minimis* and not based entirely on facts available, we applied a subsidy rate based on the weighted-average of the subsidy rates calculated for Chandan and
