SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Community Development Block Grant (CDBG) Urban County Qualification/New York Towns Qualification/Requalification Processes.

OMB Approval Number: 2506-0170.

Type of Request: Extension.

Form numbers: N/A.

Description of the need for the information and proposed use: The Housing and Community Development Act of 1974, as amended (the Act), at sections 102(a)(6) and 102(e) requires that any county seeking qualification as an urban county notify each unit of general local government within the county that such unit may elect to have its population excluded from that of the urban county. Section 102(d) of the Act specifies that the period of qualification will be three years. Based on these statutory provisions, counties seeking qualification or requalification as urban counties under the CDBG program must provide information to HUD every three years identifying the units of general local governments (UGLGs) within the county participating as a part of the county for purposes of receiving CDBG funds. The population of UGLGs for each eligible urban county is used in HUD's allocation of CDBG funds for all entitlement and State CDBG grantees.

New York Towns may qualify as metropolitan cities if they are able to secure the participation of all of the villages located within their boundaries. Any New York Town that is located in an urban county may choose to leave that urban county when that county is requalifying. That New York Town will be required to notify the urban county

in advance of its decision to decline participation in the urban county's CDBG program and complete the metropolitan city qualification process.

Respondents: (i.e. affected public): Urban counties that are eligible as entitlement grantees of the CDBG program.

Estimation Number of Respondents: There are currently 192 qualified urban counties participating in the CDBG program that must requalify every three years.

Frequency of Response: On average, two new counties qualify each year. The burden on new counties is greater than for existing counties that requalify. The Department estimates new grantees use, on average, 115 hours to review instructions, contact communities in the county, prepare and review agreements, obtain legal opinions, have agreements executed at the local and county level, and prepare and transmit copies of required documents to HUD. The Department estimates that counties that are requalifying use, on average, 67 hours to complete these actions. The time savings on requalification is primarily a result of a grantee's ability to use agreements with no specified end date. Use of such "renewable" agreements enables the grantee to merely notify affected participating UGLGs in writing that their agreement will automatically be renewed unless the UGLG terminates the agreement in writing, rather than executing a new agreement every three years.

Average of 2 new urban

counties qualify per year $2 \times 115 \text{ hrs} = 230 \text{ hrs.}$

192 grantees requalify on

triennial basis; average annual

number of respondents = 63 $63 \times 67 \text{ hrs.} = 4,221 \text{ hrs.}$

Total combined burden hours: 4,451 hours

This total number of combined burden hours can be expected to increase annually by 1200 hours, given the average of two new urban counties becoming eligible entitlement grantees each year.
