AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily finds that large power transformers from the Republic of Korea were sold in the United States at less than normal value during the period of review (POR), August 1, 2019, through July 31, 2020. Interested parties are invited to comment on these preliminary results.

DATES: Applicable [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

SUPPLEMENTARY INFORMATION:

Background

Commerce initiated this review on October 6, 2020.¹ We selected one mandatory respondent in this review, Hyosung Heavy Industries Corporation (Hyosung). For a more detailed description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum, dated concurrently with these results and hereby adopted by this notice.²

² See Memorandum, “Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Large Power Transformers from the Republic of Korea; 2019-2020,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).
The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Access to ACCESS is available to registered users at http://access.trade.gov. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/index.html. A list of topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice.

Scope of the Order

The scope of this order covers large liquid dielectric power transformers having a top power handling capacity greater than or equal to 60,000 kilovolt amperes (60 megavolt amperes), whether assembled or unassembled, complete or incomplete. The merchandise subject to the order is currently classified in the Harmonized Tariff Schedule of the United States at subheadings 8504.23.0040, 8504.23.0080 and 8504.90.9540. This tariff classification is provided for convenience and Customs purposes; however, the written description of the scope of the order is dispositive.3

Methodology

Commerce is conducting this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Preliminary Determination of No Shipments

On October 27, 2020, LS Electric Co., Ltd. (LS Electric), formerly known as LSIS Co., Ltd. (LSIS)4 timely notified Commerce that it had no exports, sales, or entries of subject merchandise during the POR.5 Commerce issued a no shipment inquiry to U.S. Customs and

Border Protection (CBP), and CBP found no evidence of shipments from LSIS during the POR.\textsuperscript{6} Thus, based on record evidence, we preliminary determine that LSIS had no shipments during the POR. Consistent with Commerce’s practice, we find that it is not appropriate to rescind the review with respect to LSIS but, rather, to complete the review and issue appropriate instructions to CBP based on the final results of this review.\textsuperscript{7}

**Assessment Rates**

Upon issuing the final results, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries. If the weighted-average dumping margin for Hyosung is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, we will calculate importer-specific assessment rates on the basis of the ratio of the total amount

of dumping calculated for each importer’s examined sales and the total entered value of such sales in accordance with 19 CFR 351.212(b)(1). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above de minimis (i.e., 0.50 percent). If Hyosung’s weighted-average dumping margin is zero or de minimis in the final results of review, or if an importer-specific assessment rate is zero or de minimis, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.

In accordance with Commerce’s “automatic assessment” practice, for entries of subject merchandise during the review period produced by each respondent for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate of 22.00 percent established in the LTFV investigation.

For the companies which were not selected for individual review (i.e., Hyundai Electric & Energy Systems Co., Ltd., Iljin Electric Co., Ltd., and ILJIN), we will assign an assessment rate based on the cash deposit rate calculated for the company selected for mandatory review (i.e., Hyosung). The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Consistent with its recent notice, Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the Federal Register. If a timely summons is filed at the U.S. Court of International Trade, the

assessment instructions will direct CBP not to liquidate relevant entries until the time for parties
to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final
results of this administrative review for all shipments of the subject merchandise entered, or
withdrawn from warehouse, for consumption on or after the publication date of the final results
of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash
deposit rate for Hyosung and other companies listed above will be equal to the weighted-average
dumping margin established in the final results of this administrative review; (2) for previously
reviewed or investigated companies not listed above, the cash deposit rate will continue to be the
company-specific rate published for the most recently completed segment of this proceeding in
which they were reviewed; (3) if the exporter is not a firm covered in this review, a prior review,
or in the investigation but the producer is, the cash deposit rate will be the rate established for the
most recently completed segment of this proceeding for the producer of the merchandise; and (4)
the cash deposit rate for all other producers or exporters will continue to be the all-others rate of
22.00 percent, the rate established in the investigation of this proceeding. These cash deposit
requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR
351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to
liquidation of the relevant entries during this review period. Failure to comply with this
requirement could result in Commerce’s presumption that reimbursement of antidumping duties
occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.
