Extension: Rule 301 of Regulation ATS

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 et seq.), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for approval of extension of the previously approved collection of information provided for in Rule 301 of Regulation ATS (17 CFR 242.301) under the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.) (“Exchange Act”).

Regulation ATS provides a regulatory structure for alternative trading systems. Rule 301 of Regulation ATS contains certain record keeping and reporting requirements, as well as additional obligations that apply only to alternative trading systems with significant volume. The Rule requires all alternative trading systems that wish to comply with Regulation ATS to file an initial operation report on Form ATS. Alternative trading systems are also required to supply updates on Form ATS to the Commission describing material changes to the system, file quarterly transaction reports on Form ATS–R, and file cessation of operations reports on Form ATS. An alternative trading system with significant volume is required to comply with requirements for fair access and systems capacity, integrity, and security. Rule 301 also imposes certain requirements pertaining to written safeguards and procedures to protect subscribers’ confidential trading information.

The Commission staff estimates that entities subject to the requirements of Rule 301 will spend a total of approximately 2,687 hours a year to comply with the Rule.

Regulation ATS requires ATSs to preserve any records, for at least three years, made in the process of complying with the systems capacity, integrity and security requirements.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
