SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on July 26, 2021.² On August 24, 2021, Commerce postponed the preliminary

determination of this investigation to November 29, 2021. For a complete description of events that followed the initiation of this investigation, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at [https://access.trade.gov](https://access.trade.gov). In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at [https://access.trade.gov/public/FRNoticesListLayout.aspx](https://access.trade.gov/public/FRNoticesListLayout.aspx).

**Scope of the Investigation**

The product covered by this investigation is UAN from Russia. For a complete description of the scope of the investigation, see Appendix I.

**Scope Comments**

In accordance with the preamble to Commerce’s regulations, the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage, (*i.e.*, scope). No interested party commented on the scope of the investigation as it appeared in the *Initiation Notice*.

Commerce is conducting this investigation in accordance with section 701 the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, i.e., a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.\(^7\) For a full description of the methodology underlying our preliminary conclusions, see the Preliminary Decision Memorandum.

Commerce notes that, in making these findings, it relied, in part, on facts available and, because it finds that the Government of Russia did not act to the best of its ability to respond to Commerce’s requests for information, it drew an adverse inference where appropriate in selecting from among the facts otherwise available.\(^8\) For further information, see “Use of Facts Otherwise Available and Adverse Inferences,” in the Preliminary Decision Memorandum.

**Alignment**

As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), Commerce is aligning the final determination in this countervailing duty (CVD) investigation with the final determination in the companion antidumping duty (AD) investigation of UAN from Russia based on a request made by the petitioner.\(^9\) Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than April 11, 2022, unless postponed.

**All-Others Rate**

Sections 703(d)(1)(A)(i) and 705(c)(5)(A) of the Act provide that in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. Pursuant to section 705(c)(5)(A)(i) of the Act, this rate shall normally be

\(^7\) See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

\(^8\) See sections 776(a) and (b) of the Act.

an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and de minimis rates and any rates based entirely under section 776 of the Act.

Commerce calculated individual estimated countervailable subsidy rates for Public Joint Stock Company Acron and the EuroChem Companies that are not zero, de minimis, or based entirely on facts otherwise available. Commerce calculated the all-others rate using a weighted average of the individual estimated subsidy rates calculated for the examined respondents using each company’s publicly-ranged values for the merchandise under consideration.¹⁰

**Preliminary Determination**

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:

<table>
<thead>
<tr>
<th>Company</th>
<th>Subsidy Rate ad valorem</th>
</tr>
</thead>
<tbody>
<tr>
<td>The EuroChem Companies¹¹</td>
<td>9.84 percent</td>
</tr>
<tr>
<td>Public Joint Stock Company Acron¹²</td>
<td>9.66 percent</td>
</tr>
<tr>
<td>All Others</td>
<td>9.72 percent</td>
</tr>
</tbody>
</table>

**Suspension of Liquidation**

¹⁰ With two respondents under examination, Commerce normally calculates (A) a weighted-average of the estimated subsidy rates calculated for the examined respondents; (B) a simple average of the estimated subsidy rates calculated for the examined respondents; and (C) a weighted-average of the estimated subsidy rates calculated for the examined respondents using each company’s publicly-ranged U.S. sale quantities for the merchandise under consideration. Commerce then compares (B) and (C) to (A) and selects the rate closest to (A) as the most appropriate rate for all other producers and exporters. See, e.g., Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Final Results of Antidumping Duty Administrative Reviews, Final Results of Changed-Circumstances Review, and Revocation of an Order in Part, 75 FR 53661, 53663 (September 1, 2010). As complete publicly ranged sales data was available, Commerce based the all-others rate on the publicly ranged sales data of the mandatory respondents. For a complete analysis of the data, see Memorandum, “Countervailing Duty Investigation of Urea Ammonium Nitrate Solutions from the Russian Federation: All-Other Rate for Preliminary Determination,” dated concurrently with, and hereby adopted by, this notice.

¹¹ As discussed in the Preliminary Decision Memorandum, Commerce has found the following companies to be cross-owned with Joint Stock Company Nevinnomyssky Azot (Nevinka): Mineral and Chemical Company EuroChem, Joint Stock Company (MCC EuroChem) and Azot, Joint Stock Company (NAK Azot).

¹² As discussed in the Preliminary Decision Memorandum, Commerce has found the following companies to be cross-owned with Public Joint Stock Company Acron: Joint Stock Company Acron Group and Acron Switzerland AG.
In accordance with section 703(d)(1)(B) and (d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of the publication of this notice in the Federal Register. Further, pursuant to 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the rates indicated above.

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of its public announcement, or if there is no public announcement, within five days of the date of this notice in accordance with 19 CFR 351.244(b).

Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination. Normally, Commerce verifies information using standard procedures, including an on-site examination of original accounting, financial, and sales documentation. However, due to current travel restrictions in response to the global COVID-19 pandemic, Commerce is unable to conduct on-site verification in this investigation. Accordingly, we intend to verify the information relied upon in making the final determination through alternative means in lieu of an on-site verification.
