SUPPLEMENTARY INFORMATION:

Background: On October 21, 2021, the Department published the NRS notice in the *Federal Register* (86 FR 58258). To address formatting issues arising in the publication of the NRS notice, the Office of the Federal Register published a correction in the *Federal Register* on November 15, 2021 (86 FR 63007). To ensure that the NRS notice is available to stakeholders in an easy-to-understand format, in this notice we restate the text of the NRS notice with the corrected formatting. Other than to correct the formatting, we have not made any changes to the content of the NRS notice.

For clarity, when we reference the 2021 NRS notice in the future, we will refer to this notice in lieu of the *Federal Register* notices published on October 21, 2021 (86 FR 58258) and November 15, 2021 (86 FR 63007). The restated SUPPLEMENTARY INFORMATION section of the NRS notice is below.

Restated Text of the NRS Notice:

On January 14, 2008, and as amended on August 19, 2016, we published in the *Federal Register* final regulations for 34 CFR part 462, Measuring Educational Gain in the National Reporting System for Adult Education (NRS regulations) (73 FR 2305, January 14, 2008, as amended at 81 FR 55552, August 19, 2016). The NRS regulations established the process the Secretary uses to determine the suitability of tests for use in the NRS by States and local eligible providers. We annually publish in the *Federal Register*, and post on the internet at www.nrsweb.org, a list of the names of tests and the educational functioning levels the tests are suitable to measure in the NRS as required by §462.12(c)(2).

On August 7, 2020, the Secretary published in the *Federal Register* (85 FR 47952) an annual notice consolidating information from previous notices that announced tests determined to be suitable for use in the NRS, in accordance with §462.13 (August 2020 notice). Also, in the August 2020 notice, the Secretary announced that ESL tests and test forms approved for an extended period through February 2, 2021, are approved for an additional extended period through February 2, 2023, and that an Adult Basic Education (ABE) test and test forms previously approved for a three-year period through March 7, 2021, are approved for an extended period through March 7, 2023.

The Secretary took this action with respect to the previously approved tests and test forms, due to the Department's desire to minimize potential disruption in access to new tests for its grantees caused by the Novel Coronavirus Disease (COVID-19).

In this notice, the Secretary publishes the same list of approved tests and test forms as was published in the August 2020 notice.

Adult education programs must use only the forms and computer-based delivery formats for the tests approved in this notice. If a particular test form or computer delivery format is not explicitly specified for a test in this notice, it is not approved for use in the NRS.
