

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend its Fees Schedule

March 8, 2022.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 1, 2022, Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to amend its Fees Schedule. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its fee schedule by removing certain fee codes related to routed XSP options orders in light of the recent delisting of XSP options on the Exchange's affiliate Cboe BZX Exchange, Inc. ("BZX Options"), effective March 1, 2022.

The Exchange assesses various fees for orders that are routed and executed on away markets.³ The proposed rule change removes fees codes RX, RY, TX and TY from the Routing Fees table, all of which apply specifically to XSP orders that are routed away. The Exchange proposes to eliminate these fee codes as XSP is a proprietary product and the only other exchange that listed XSP (i.e., BZX Options) has now delisted it. As such, XSP currently trades exclusively on the Exchange and therefore cannot route to any other market. Accordingly, the Exchange proposes to eliminate the now obsolete fee codes and corresponding fees.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,⁴ in general, and furthers the objectives of Section 6(b)(4),⁵ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Trading Permit Holders and issuers and other persons using its facilities. The Exchange also believes that the proposed rule change is consistent with the objectives of Section 6(b)(5)⁶ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to

and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, and, particularly, is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes the proposed rule change is reasonable, equitable and not unfairly discriminatory as it does not change the fees or rebates assessed by the Exchange, but rather updates the Fee Schedule to remove fee codes associated with routed orders in XSP options because the only other exchange that listed XSP options (and that such options could therefore route to) no longer lists XSP options for trading. Therefore, the proposed rule change is reasonably designed to update the Fee Schedule to accurately reflect classes available for routing and is designed to reduce any potential confusion regarding the availability of XSP options on an exchange other than the Exchange. The Exchange also believes that the proposed rule change is equitable and not unfairly discriminatory because all Trading Permit Holders are equally unable to route orders in XSP, and the removal of references to routed XSP orders merely updates the Fee Schedule to reflect this.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed rule change merely updates the Fee Schedule to reflect that a product (i.e., XSP options) can no longer be routed to another options exchange and is designed to reduce any potential confusion without having any impact on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and paragraph (f) of Rule 19b-4⁸ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
