[Docket No. CP22-473-000]

Southern Natural Gas Company, L.L.C.; Notice of Request under Blanket

Authorization and Establishing Intervention and Protest Deadline

Take notice that on June 6, 2022, Southern Natural Gas Company, L.L.C. (SNG), 569 Brookwood Village, Suite 749, Birmingham, Alabama 35209, filed in the above referenced docket a prior notice pursuant to sections 157.205, 157.206, and 157.216 (b) of the Commission's regulations under the Natural Gas Act (NGA) and its blanket certificate issued in Docket No. CP82-406-000 requesting authorization to (1) permanently abandon nine injection and withdrawal (I/W) wells, including associated surface facilities, (2) abandon in place the pipeline laterals associated with seven of the I/W wells totaling 1.95 miles of 3-inch-diameter to 12-inch-diameter laterals, and (3) abandon by removal the pipeline laterals associated with two of the I/W wells totaling 300 feet of 3-inch-diameter to 8-inch-diameter laterals at its Muldon Gas Storage Field located in Monroe County, Mississippi. SNG states that the project will eliminate future safety concerns associated with the casing in the wellbores of these existing nine I/W wells and with the associated pipeline laterals, as well as reduce unnecessary costs associated with the repair and operation of SNG's Muldon Storage Field. SNG estimates the cost of its proposal is \$2.2 million, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

PUBLIC PARTICIPATION

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on **August 15, 2022**. How to file protests, motions to intervene, and comments is explained below.

Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,¹ any person² or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,³ and must be submitted by the protest deadline, which is **August 15, 2022**. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁴ and the

¹ 18 CFR 157.205.

² Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

³ 18 CFR 157.205(e).

⁴ 18 CFR 385.214.

regulations under the NGA⁵ by the intervention deadline for the project, which is **August 15, 2022**. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before **August 15, 2022**. **The filing of a comment alone**

will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.
