SUPPLEMENTARY INFORMATION: In 1981 and 1982, the Department issued two related prohibited transaction class exemptions that permit employee benefit plans to lend securities owned by the plans as investments to banks and broker-dealers and to make compensation arrangements for lending services provided by a plan fiduciary in connection with securities loans. In 2006, the Department promulgated a final class exemption, PTE 2006-16, which amended and replaced the exemptions previously provided under PTE 81-6 and PTE 82-63. The final exemption incorporated the exemptions into one renumbered exemption and expanded the categories of exempted transactions to include securities lending to foreign banks and foreign broker-dealers that are domiciled in specified countries and to allow the use of additional forms of collateral, all subject to specified conditions outlined in the exemption. Among other conditions, the exemption requires a bank or broker-dealer that borrows securities from a plan to comply with certain recordkeeping and disclosure requirements. For additional substantive information about this ICR, see the related notice published in the *Federal Register* on March 17, 2022 (87 FR 15267).
