Medicare Program; Virtual Meeting of the Medicare Evidence Development and Coverage Advisory Committee—December 7, 2022

AGENCY: Centers for Medicare & Medicaid Services (CMS), Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: This notice announces a virtual public meeting of the Medicare Evidence Development & Coverage Advisory Committee (MEDCAC) ("Committee") will be held on Wednesday, December 7, 2022. National Coverage Determinations resulting in coverage with evidence development (CED) can expedite earlier Medicare beneficiary access to innovative technology while ensuring that systematic patient safeguards are in place to reduce the risks inherent to new technologies, or to new applications of older technologies. This meeting will examine the general requirements for clinical studies submitted for CMS coverage requiring CED. The MEDCAC will evaluate the CED criteria to assure that CED studies are evaluated with consistent, feasible, transparent and methodologically rigorous criteria and advise CMS on whether the criteria are appropriate to ensure that CED-approved studies will produce reliable evidence that CMS can rely on to help determine whether a particular item or service is reasonable and necessary. This meeting is open to the public in accordance with the Federal Advisory Committee Act.

SUPPLEMENTARY INFORMATION:

I. Background

MEDCAC, formerly known as the Medicare Coverage Advisory Committee (MCAC), is advisory in nature, with all final coverage decisions resting with CMS. MEDCAC is used to supplement CMS' internal expertise. Accordingly, the advice rendered by the MEDCAC is most useful when it results from a process of full scientific inquiry and thoughtful discussion, in an open forum, with careful framing of recommendations and clear identification of the basis of those recommendations. MEDCAC members are valued for their background, education, and expertise in a wide variety of scientific, clinical, and other related fields. (For more information on MEDCAC, see the MEDCAC Charter (<http://www.cms.gov/Regulations-and-Guidance/Guidance/FACA/Downloads/medcaccharter.pdf>) and the CMS Guidance Document, *Factors CMS Considers in Referring Topics to the MEDCAC* (<http://www.cms.gov/medicare-coverage-database/details/medicare-coverage-document-details.aspx?MCDId=10>).

II. Meeting Topic and Format

This notice announces the Wednesday, December 7, 2022, virtual public meeting of the Committee. This meeting will examine the requirements for clinical studies submitted for CMS coverage under CED. It has been nearly 8 years since the criteria for CED were last evaluated and codified. In that time, not only have technologies become more complex, but there has been

growing appreciation and commitment to transparency in decision-making, to making certain that study methodologies are “fit to purpose” as determined by the topic, questions asked, health outcomes studied, and to making certain that the populations studied are representative of the diversity in the Medicare beneficiary population. For example, some questions may be sufficiently answered through analysis of real-world evidence including data from clinical registries, electronic health records, and administrative claims. Any decision about whether an item or service is reasonable and necessary must, minimally, be sensitive to these commitments as well as to ensuring that study participants’ interests are respected and protected. The MEDCAC will evaluate the CED criteria to assure that CED studies are evaluated with consistent, feasible, transparent and methodologically rigorous criteria and advise CMS on whether the criteria are appropriate to ensure that CED-approved studies will produce reliable evidence that CMS can rely on to help determine whether a particular item or service is reasonable and necessary.

Background information about this topic, including panel materials, is available at <http://www.cms.gov/medicare-coverage-database/indexes/medcac-meetings-index.aspx?bc=BAAAAAAAAAAAA&>. Electronic copies of all the meeting materials will be on the CMS website no later than 2 business days before the meeting. We encourage the participation of organizations, researchers and people with expertise or interest in the thoughtful, efficient design and implementation of clinical studies whose goals are to improve the health of people, especially Medicare beneficiaries. This meeting is open to the public. The Committee will hear oral presentations from the public for approximately 45 minutes. Time allotted for each presentation may be limited. If the number of registrants requesting to speak is greater than what can be reasonably accommodated during the scheduled open public hearing session, we may conduct a lottery to determine the speakers for the scheduled open public hearing session. The contact person will notify interested persons regarding their request to speak no later than 1 week from the speaker registration deadline specified in the DATES section of this notice. Your

comments must focus on issues specific to the list of topics that we have proposed to the Committee. The list of research topics to be discussed at the meeting will be available on the following website prior to the meeting <http://www.cms.gov/medicare-coverage-database/indexes/medcac-meetings-index.aspx?bc=BAAAAAAAAAAAA&>. We require that you declare at the meeting whether you have any financial involvement with manufacturers (or their competitors) of any items or services being discussed. Speakers presenting at the MEDCAC meeting must include a full disclosure slide as their second slide in their presentation for financial interests (for example, type of financial association - consultant, research support, advisory board, and an indication of level, such as minor association < \$10,000 or major association > \$10,000) as well as intellectual conflicts of interest (for example, involvement in a federal or nonfederal advisory committee that has discussed the issue) that may pertain in any way to the subject of this meeting. If you are representing an organization, we require that you also disclose conflict of interest information for that organization. If you do not have a PowerPoint presentation, you will need to present the full disclosure information requested previously at the beginning of your statement to the Committee.

The Committee will deliberate openly on the topics under consideration. Interested persons may observe the deliberations, but the Committee will not hear further comments during this time except at the request of the chairperson. The Committee will also allow a 15-minute unscheduled open public session for any attendee to address issues specific to the topics under consideration. At the conclusion of the day, the members will vote and the Committee will make its recommendation(s) to CMS.
