[Docket Nos. CP22-514-000]

Corpus Christi Liquefaction, LLC; Notice of Application and Establishing Intervention Deadline

Take notice that on September 29, 2022, Corpus Christi Liquefaction, LLC (CCL), 700 Milam Street, Suite 1900, Houston, Texas 77002, filed in Docket No. CP22-514-000, an application under section 3(a) of the Natural Gas Act (NGA), and Part 153 of the Commission's regulations requesting authority to acquire and reclassify approximately 3,700 feet of 48-inch and 36-inch diameter pipeline segment and ancillary facilities (Terminal Supply Line) located near the City of Gregory in San Patricio County, Texas. The Terminal Supply Line connects the outlet of the existing Cheniere Corpus Christi Pipeline L.P. (CCPL) pipeline and metering and regulating station to the existing feed gas inlet for the CCL liquefied natural gas terminal. CCPL plans to abandon the Terminal Supply Line by sale to CCL under CCPL's blanket certificate automatic authorization, pursuant to Section 7(b) of the NGA. The proposed changes will have the result that the Terminal Supply Line would no longer be part of CCPL's interstate pipeline system behind the meter, but instead would be part of CCL's integrated feed gas header facilities within the LNG Terminal.
