This guidance finalizes the draft guidance of the same title issued on November 20, 2020 (85 FR 74352). FDA considered comments received on the draft guidance as the guidance was finalized. This guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The guidance represents the current thinking of FDA on “Cross Labeling Oncology Drugs in Combination Regimens.” It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.
