SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3521), Federal Agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes Agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal Agencies to provide a 60-day notice in the *Federal Register* concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, FDA is publishing notice of the proposed collection of information set forth in this document.

With respect to the following collection of information, FDA invites comments on these topics: (1) whether the proposed collection of information is necessary for the proper performance of FDA’s functions, including whether the information will have practical utility; (2) the accuracy of FDA’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

Custom Devices

OMB Control Number 0910-0767--Extension

This information collection supports implementation of requirements in section 520(b) of the Federal Food, Drug, and Cosmetic Act (FD&C Act) (21 U.S.C. 360j(b), which governs custom devices. Custom devices are exempt from premarket approval requirements provided certain criteria is met. Agency regulations in 21 CFR 812.3 define a custom device and regulations in 21 CFR 807.85 provide for custom device exemptions. Section 520(b) also provides for the issuance of Agency guidance. The guidance document entitled, “Custom

Device Exemption” (September 2014), and available for download at <https://www.fda.gov/media/89897/download>, provides definitions of terms used in the custom device exemption, explains how FDA interprets the “5 units per year of a particular device type” language contained in section 520(b)(2)(B) of the FD&C Act; describes what information should be submitted in a Custom Device Annual Report (“annual report”); and provides recommendations on how to submit an annual report for devices distributed under the custom device exemption. Specifically, the guidance document instructs that Custom Device Annual Reports should be written in English and explains that respondents should direct two copies, including at least one hard copy, to:

Attn: Custom Device Annual Report Submission Coordinator, Division of
Analysis and Program Operations, Office of Compliance, Center for Devices and
Radiological Health, U.S. Food and Drug Administration, Bldg. 66, Rm. 2622,
10903 New Hampshire Ave., Silver Spring, MD 20993-0002

Although the submission of Custom Device Annual Reports are not required electronically, we strongly encourage submitting one of the two required copies as an eCopy (i.e., a PDF file on a CD, DVD, or flash drive). Technical instructions are also provided in the guidance document entitled “eCopy Program for Medical Device Submissions: Guidance for Industry and Food and Drug Administration Staff” (April 2020); available for download at <http://www.fda.gov/downloads/MedicalDevices/DeviceRegulationandGuidance/GuidanceDocuments/UCM313794.pdf> for more information about submitting an eCopy.

We estimate the burden of this collection of information as follows:

Table 1.--Estimated Annual Reporting Burden¹

Activity	No. of Respondents	No. of Responses per Respondent	Total Annual Responses	Average Burden per Response	Total Hours
Annual reporting for custom devices under 520(b) of the FD&C Act	34	1	34	40	1,360

¹ There are no capital costs or operating and maintenance costs associated with this collection of information.

Based on a review of the information collection since our last request for OMB approval, we have made no adjustments to our burden estimate.

Dated: March 7, 2023.

Lauren K. Roth,

Associate Commissioner for Policy.
