SUPPLEMENTARY INFORMATION: Interested parties are invited to send comments regarding any aspect of this information collection, including: (1) the necessity and utility of the information collection for the proper performance of the functions of the FTA; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the collected information; and (4) ways to minimize the collection burden without reducing the quality of the collected information. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection.

Title: 49 U.S.C. Section 5317-New Freedom Program

OMB Number: 2132-0565

Background: The purpose of the New Freedom program was to make grants available to assist states and designated recipients to reduce barriers to transportation services and expand the transportation mobility options available to people with disabilities beyond the requirements of the Americans with Disabilities Act (ADA) of 1990. The New Freedom program was repealed in 2012 with the enactment of the Moving Ahead for Progress in the 21st Century Act (MAP-21). However, funds previously authorized for programs repealed by MAP-21 remain available for their originally authorized purposes until the period of availability expires, the funds are fully expended, the funds are rescinded by Congress, or the funds are otherwise reallocated. To meet program oversight responsibilities, FTA must continue to collect information until the period of availability expires, the funds are fully expended, the funds are rescinded by Congress, or the funds are otherwise reallocated. Grant recipients are required to make information available to the public and to publish a program of projects which identifies the sub-recipients and projects for which the State or designated recipient is applying for financial assistance. FTA uses the information to monitor the grantees' progress in implementing and completing project activities. FTA collects performance information annually from designated recipients in rural areas, small urbanized areas, other direct recipients for small urbanized areas, and designated recipients in urbanized areas of 200,000 persons or greater.

Respondents: State or local government, private non-profit organizations and public transportation authorities.

Estimated Annual Number of Respondents: 33

Estimated Total Annual Burden: 1,320

Frequency: Annually.

Deputy Associate Administrator,

Office of Administration.
