[Docket No. CP23-477-000]

### Natural Gas Pipeline Company of America, LLC; Notice of Request under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on May 10, 2023, Natural Gas Pipeline Company of America, LLC (NGPL), 3250 Lacey Road, Suite 700, Downers Grove, Illinois 60515, filed in the above referenced docket, a prior notice request pursuant to sections 157.205 and 157.216(b) of the Federal Energy Regulatory Commission's (Commission) regulations under the Natural Gas Act (NGA) and NGPL's blanket certificate issued in Docket No. CP82-402-000, seeking authorization to abandon in-place its Compressor Station 158 (CS 158) located in Dewey County, Oklahoma (Compressor Station 158 Abandonment Project).

Specifically, NGPL states that the project consists of abandoning in-place CS 158 facilities including a 2,745 HP compressor unit, fuel gas heater, dehydrator, control room, auxiliary building, odorizer, positive meter, waste sump tank, waste oil storage tank, water well, meter building, and gas reservoir tank. NGPL states that the project will allow abandonment of CS 158 facilities that are no longer required due to the changes in receipt and delivery points utilized by shippers on its system and the current operating conditions of its Mountain View to Minneola (M&M) Line, coupled with the steady decline since 2011 of gas produced in the Granite Wash producing area in the Anadarko Basin. Thus, NGPL asserts that the operation of CS 158 is not needed to meet its existing firm contractual commitments, and NGPL does not anticipate CS 158 will be needed to meet future service obligations. NGPL estimates the total cost of the Project to be \$177,000, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

## **Public Participation**

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on **July 18, 2023**. How to file protests, motions to intervene, and comments is explained below.

### **Protests**

Pursuant to section 157.205 of the Commission's regulations under the NGA,<sup>1</sup> any person<sup>2</sup> or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,<sup>3</sup> and must be submitted by the protest deadline, which is **July 18, 2023**. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

### **Interventions**

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure<sup>4</sup> and the regulations under the NGA<sup>5</sup> by the intervention deadline for the project, which is **July 18, 2023**. As described further in Rule 214, your motion to intervene must state, to the extent

known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

### **Comments**

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before **July 18, 2023**. **The filing of a comment alone will not serve to make the filer a party to the proceeding.** To become a party, you must intervene in the proceeding.
