Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2023-1203; Airspace Docket No. 23-AGL-12]

RIN 2120-AA66

Amendment of VOR Federal Airway V-233 and Revocation of VOR Federal Airway V-320 Due to the Decommissioning of the Mount Pleasant, MI, VOR

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend Very High Frequency (VHF) Omnidirectional Range (VOR) Federal airway V-233 and revoke VOR Federal airway V-320. The FAA is proposing this action due to the planned decommissioning of the VOR portion of the Mount Pleasant, MI (MOP), VOR/Distance Measuring Equipment (VOR/DME) navigational aid (NAVAID). The Mount Pleasant VOR is being decommissioned in support of the FAA's VOR Minimum Operational Network (MON) program.

DATES: Comments must be received on or before [INSERT DATE 45 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER.]

ADDRESSES: Send comments identified by FAA Docket No. FAA-2023-1203 and Airspace Docket No. 23-AGL-12 using any of the following methods:

* Federal eRulemaking Portal: Go to www.regulations.gov and follow the online instructions for sending your comments electronically.

* Mail: Send comments to Docket Operations, M-30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12-140, West Building Ground Floor, Washington, DC 20590-0001.

* Hand Delivery or Courier: Take comments to Docket Operations in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

* Fax: Fax comments to Docket Operations at (202) 493-2251.

Docket: Background documents or comments received may be read at www.regulations.gov at any time. Follow the online instructions for accessing the docket or go to the Docket Operations in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FAA Order JO 7400.11G, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. You may also contact the Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington DC 20591; telephone: (202) 267-8783.

FOR FURTHER INFORMATION CONTACT: Colby Abbott, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify the National Airspace System (NAS) as necessary to preserve the safe and efficient flow of air traffic.

Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. To ensure the docket does not contain duplicate comments, commenters should submit only one time if comments are filed electronically, or commenters should send only one copy of written comments if comments are filed in writing.

The FAA will file in the docket all comments it receives, as well as a report summarizing each substantive public contact with FAA personnel concerning this proposed rulemaking. Before acting on this proposal, the FAA will consider all comments it receives on or before the closing date for comments. The FAA will consider comments filed after the comment period has closed if it is possible to do so without incurring expense or delay. The FAA may change this proposal in light of the comments it receives.

Privacy: In accordance with 5 USC 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at www.dot.gov/privacy.

Availability of Rulemaking Documents

An electronic copy of this document may be downloaded through the Internet at www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Operations office (see **ADDRESSES** section for address, phone number, and hours of operations). An informal docket may also be examined

during normal business hours at the office of the Operations Support Group, Central Service Center, Federal Aviation Administration, 10101 Hillwood Parkway, Fort Worth, TX, 76177.

Incorporation by Reference

VOR Federal airways are published in paragraph 6010(a) of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11G, dated August 19, 2022, and effective September 15, 2022. These updates would be published in the next update to FAA Order JO 7400.11. That order is publicly available as listed in the **ADDRESSES** section of this document.

FAA Order JO 7400.11G lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

Background

The FAA is planning to decommission the VOR portion of the Mount Pleasant, MI (MOP), VOR/DME in March 2024. The Mount Pleasant VOR was one of the candidate VORs identified for discontinuance by the FAA's VOR MON program and listed in the final policy statement notice, "Provision of Navigation Services for the Next Generation Air Transportation System (NextGen) Transition to Performance-Based Navigation (PBN) (Plan for Establishing a VOR Minimum Operational Network)," published in the *Federal Register* of July 26, 2016 (81 FR 48694), Docket No. FAA-2011-1082.

Although the VOR portion of the Mount Pleasant VOR/DME is planned for decommissioning, the co-located DME portion of the NAVAID is being retained to support current and future NextGen PBN flight procedure requirements.

The Air Traffic Service (ATS) routes affected by the Mount Pleasant VOR decommissioning are VOR Federal airways V-233 and V-320. The remaining ground-based NAVAID coverage in the area is insufficient to enable the continuity of the airways within the

affected area. As such, the FAA proposes to remove the affected portion of V-233 and expand the existing gap in the airway, and to revoke V-320 in its entirety.

To address the proposed removal of the affected airway segment of V-233 and the revocation of V-320, instrument flight rules traffic could use adjacent VOR Federal airways V-78, V-133, V-420, and V-609, or receive air traffic control (ATC) radar vectors to fly through or around the affected area. Aircraft equipped with Area Navigation (RNAV) capabilities could also use RNAV route T-265 or file point to point through the affected area using the fixes and waypoints that will remain in place. Visual flight rules pilots who elect to navigate via the affected ATS routes could also take advantage of the adjacent VOR Federal airways or ATC services listed previously.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 by amending VOR Federal airway V-233 and revoking VOR Federal airway V-320 due to the planned decommissioning of the VOR portion of the Mount Pleasant, MI, VOR/DME. The proposed airway actions are described below.

V-233: V-233 currently extends between the Spinner, IL, VOR/Tactical Air Navigation (VORTAC) and the Goshen, IN, VORTAC; and between the Mount Pleasant, MI, VOR/DME and the Pellston, MI, VORTAC. The FAA proposes to remove the airway segment overlying the Mount Pleasant VOR/DME between the Mount Pleasant VOR/DME and the Gaylord, MI, VOR/DME. As amended, the airway would extend between the Spinner VORTAC and the Goshen VORTAC, and between the Gaylord VOR/DME and the Pellston VORTAC.

V-320: V-320 currently extends between the Pellston, MI, VORTAC and the Saginaw, MI, VOR/DME. The FAA proposes to remove the airway segment overlying the Mount Pleasant, MI, VOR/DME between the Traverse City, MI, VOR/DME and the Saginaw VOR/DME. Additionally, the FAA proposes to remove the airway segment between the Pellston

VORTAC and the Traverse City VOR/DME as it overlays the same airway segment as V-193.

As a result, the airway would be removed in its entirety.

The NAVAID radials in the VOR Federal airway V-233 description in the Proposed Amendment section below are unchanged and stated in degrees True north.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71--DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11G, Airspace Designations and Reporting Points, dated August 19, 2022, and effective September 15, 2022, is amended as follows:

Paragraph 6010(a). Domestic VOR Federal airways.

* * * * *

V-233 [Amended]

From Spinner, IL; INT Spinner 061° and Roberts, IL, 233° radials; Roberts; Knox, IN; to Goshen, IN. From Gaylord, MI; to Pellston, MI.

* * * * *

V-320 [Removed]

* * * * *

Issued in Washington, DC, on May 17, 2023.

Brian Konie,
Acting Manager, Airspace Rules and Regulations.
