### [Investigation No. 731-TA-1330 (Review)]

### Diethyl Terephthalate from South Korea

#### DETERMINATION

On the basis of the record<sup>1</sup> developed in the subject five-year review, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that revocation of the antidumping duty order on diethyl terephthalate from South Korea would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Notice of the scheduling of the Commission’s review and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the *Federal Register* on December 22, 2022 (87 FR 78708). Since one party requested cancellation of a hearing and no other parties requested a hearing, the public hearing in connection with the review, originally scheduled for April 27, 2023, was cancelled (88 FR 26598, April 25, 2023).

The Commission made this determination pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determination in this review on June 26, 2023. The
