Description

In 1906, during the excavation of a house foundation, human remains representing, at minimum, one individual were removed from Honolulu in Honolulu County, HI. In the early 1920s, O.S. James donated these human remains to the Eastern Washington State Historical Society (Accession #469.1), and on April 3, 1987, the human remains were legally transferred to Eastern Washington University. No associated funerary objects are present.

Cultural affiliation

The human remains in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: anthropological, geographical, and historical.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, Eastern Washington University has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- There is a relationship of shared group identity that can be reasonably traced between the human remains described in this notice and the Hui Iwi Kuamo'o, a Native Hawaiian organization.

Requests for Repatriation

Repatriation of the human remains in this notice to a requestor may occur on or after [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE **FEDERAL REGISTER**]. If competing requests for repatriation are received, Eastern Washington University must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. Eastern

Washington University is responsible for sending a copy of this notice to the Native Hawaiian organization identified in this notice.
