SUPPLEMENTARY INFORMATION:

Background

On June 11, 2018, Commerce published the AD order on cold-drawn mechanical tubing from Italy.¹ On August 9, 2022, Commerce initiated an administrative review of the *Order*, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).² This administrative review covers one producer/exporter of the subject merchandise, Dalmine S.p.A. (Dalmine).³

On February 2, 2023, Commerce extended the deadline for the preliminary results until June 30, 2023.⁴ For a complete description of the events that followed the initiation of this review, *see* the Preliminary Decision Memorandum.⁵

Scope of the Order

The products covered by this *Order* are certain cold-drawn mechanical tubing of carbon and alloy steel from Italy. For a full description of the scope, *see* the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Act. Export price is calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying these preliminary results, *see* the Preliminary Decision Memorandum. A list of topics included in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum

Preliminary Results of the Review

We preliminarily determine that the following weighted-average dumping margin exists for the period June 1, 2021, through May 31, 2022:

Exporter/Producer	Weighted-Average Dumping Margin (percent)
Dalmine S.p.A.	2.00

Assessment Rates

Upon completion of the final results, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. Pursuant to 19 CFR 351.212(b)(1), if Dalmine’s weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.5 percent) in the final results of this review, we will calculate importer-specific assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales. If Dalmine’s weighted-average dumping margin is zero or *de minimis*, or if an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties, where applicable.⁶

In accordance with Commerce’s “automatic assessment” practice, for entries of subject merchandise during the POR produced by Dalmine for which it did not know that the

⁶ See section 751(a)(2)(C) of the Act.

merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate established in the original less-than-fair value (LTFV) investigation (*i.e.*, 47.87 percent)⁷ if there is no rate for the intermediate company(ies) involved in the transaction.⁸

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Dalmine in the final results of review will be equal to the weighted-average dumping margin established in the final results of this administrative review except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment in which it was reviewed; (3) if the exporter is not a firm covered in this review or the original LTFV investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently-completed segment of this proceeding for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 47.87 percent,⁹ the all-others rate established in the LTFV
