SUPPLEMENTARY INFORMATION:

Reason for Withdrawal

The FAA published a notice of proposed rulemaking in the *Federal Register* for Docket No. FAA-2019-0248 (84 FR 16217; April 18, 2019). The NPRM proposed to amend RNAV routes T-287, T-291, and T-295 to support the transition of the NAS to satellite-based navigation. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received. Subsequent to the NPRM, other airway docket actions rendered this proposal unnecessary.

Conclusion

The FAA determined that the NPRM published on April 18, 2019, is unnecessary.

Therefore, the FAA withdraws that NPRM.

Issued in Washington, DC, on July 11, 2023.
