Amendment

This notice amends the determinations published in a Notice of Inventory Completion in the *Federal Register* (68 FR 23495, May 2, 2003). Repatriation of the items in the original Notice of Inventory Completion has not occurred. This amendment is being made to reflect the identification of newly discovered associated funerary objects for the archeological collection

CA-RIV-1180 (accession 89). The original notice only listed human remains, but tribal representatives have reviewed the remaining objects in the collection and have identified funerary objects. The 3,917 objects include 3,628 animal bones, one bone bead, 219 ceramic sherds, 45 lithic materials, 12 flaked stone tools, two ground stones, one battered stone, and nine shell beads.

Determinations (as amended)

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, the University of California, Riverside has determined that:

- The human remains described in this amended notice represent the physical remains of one individual of Native American ancestry.
- The 3,917 objects described in this amended notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a relationship of shared group identity that can be reasonably traced between the human remains and associated funerary objects described in this notice and the Agua Caliente Band of Cahuilla Indians of the Agua Caliente Indian Reservation, California; Augustine Band of Cahuilla Indians, California; Cabazon Band of Cahuilla Indians (*Previously* listed as Cabazon Band of Mission Indians, California); Cahuilla Band of Indians; Los Coyotes Band of Cahuilla and Cupeno Indians, California; Morongo Band of Mission Indians, California; Ramona Band of Cahuilla, California; Santa Rosa Band of Cahuilla Indians, California; and the Torres Martinez Desert Cahuilla Indians, California.
