**SUPPLEMENTARY INFORMATION:**

*Description:* This study will expand on a collection from field testing sites that informed the development of a suite of measures and tools, which became the JCAMP (OMB #0970-0593<sup>1</sup>). The information collection proposed here will further those efforts now that the suite of documents has been released. Specifically, this effort will (1) collect information from JCAMP implementation teams to understand their experiences with JCAMP implementation support, and (2) collect information from parents and children with child welfare cases, foster/kinship caregivers, judges, case workers, parent attorneys, children's attorneys, and child welfare agency attorneys to gather information for JCAMP measures selected for use by jurisdictions (jurisdictions will collect only the data elements relevant to them). This will be accomplished using eleven instruments:
