**SUPPLEMENTARY INFORMATION:**

The Active Duty Spouse Survey (ADSS) is the primary source for reliable and generalizable survey data on the effects of military life on military spouses and their families and the effectiveness of current programs and policies. The Office of People Analytics (OPA) will administer the Active Duty Spouse Survey (ADSS) to active duty spouses of Army, Navy, Marine Corps, Air Force, and Space Force members who are below flag rank. This scientific survey is designed to enhance understanding of how spouse and family resilience impact force readiness and retention and inform the effectiveness of programs and policies under the purview of DoD's Military Community and Family Policy (MC&FP) Department. The ADSS provides unique, ongoing, reliable data to equip policymakers with the information they need to make strategic, data-driven decisions on a vital component of the total force—military spouses and families. All active duty spouses who want to share their experiences but were not selected as part of the larger scientific survey will be able to complete a shorter survey hosted online during the same field period.
