### Notice of Segregation of Public Land for the Stagecoach Wind Project, White Pine County, Nevada

**AGENCY:** Bureau of Land Management, Department of Interior.

**ACTION:** Notice of segregation.

**SUMMARY:** Through this notice the BLM is segregating public lands included in the right-of-way application for the Stagecoach Wind Project from appropriation under the public land laws, including the Mining Law but not the Mineral Leasing or Material Sales Acts, for a period of two years from the date of publication of this notice, subject to valid existing rights. This segregation is to allow for the orderly administration of the public lands to facilitate consideration of development of renewable energy resources. The public lands segregated by this notice totals 69,431.23 acres.

**DATES:** This segregation for the lands identified in this notice is effective on [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**SUPPLEMENTARY INFORMATION:** Regulations found at 43 CFR 2091.3-1(e) and 2804.25(f) allow the BLM to temporarily segregate public lands within a right-of-way application area for wind energy development from the operation of the public land laws, including the Mining Law, by publication of a *Federal Register* notice. The BLM uses this temporary segregation authority to preserve its ability to approve, approve with modifications, or deny proposed rights-of-way, and to facilitate the orderly administration of the public lands. This temporary segregation is subject to valid existing rights, including existing mining claims located before this segregation notice. Licenses, permits, cooperative agreements, or discretionary land use authorizations of a temporary nature which would not impact lands identified in this notice may be allowed with the approval of an authorized officer of the BLM during the segregation period.
