This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-R-262 CMS Plan Benefit Package (PBP) and Formulary CY 2025

CMS-10346 Quality Bonus Payment Appeals

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the Federal Register concerning each proposed collection of information, including each proposed extension or reinstatement of an

existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Revision of a currently approved Information Collection; *Title of Information Collection:* CMS Plan Benefit Package (PBP) and Formulary CY 2025; *Use:* Under the Medicare Modernization Act (MMA), Medicare Advantage (MA) and Prescription Drug Plan (PDP) organizations are required to submit plan benefit packages for all Medicare beneficiaries residing in their service area. The plan benefit package submission consists of the Plan Benefit Package (PBP) software, formulary file, and supporting documentation, as necessary. MA and PDP organizations use the PBP software to describe their organization's plan benefit packages, including information on premiums, cost sharing, authorization rules, and supplemental benefits. They also generate a formulary to describe their list of drugs, including information on prior authorization, step therapy, tiering, and quantity limits.

CMS requires that MA and PDP organizations submit a completed PBP and formulary as part of the annual bidding process. During this process, organizations prepare their proposed plan benefit packages for the upcoming contract year and submit them to CMS for review and approval. CMS uses this data to review and approve the benefit packages that the plans will offer to Medicare beneficiaries. This allows CMS to review the benefit packages in a consistent way across all submitted bids during with incredibly tight timeframes. This data is also used to populate data on Medicare Plan Finder, which allows beneficiaries to access and compare Medicare Advantage and Prescription Drug plans. *Form Number:* CMS-R-262 (OMB control number: 0938-0763); *Frequency:* Yearly; *Affected Public:* Private Sector, Business or other for-profits and Not-for-profit institutions; *Number of Respondents:* 825; *Total Annual Responses:* 8,770; *Total Annual Hours:* 55,782 (For policy questions regarding this collection contact Kristy Holtje at 410-786-2209.)

2. *Type of Information Collection Request:* Extension without change of a currently approved collection; *Title of Information Collection:* Quality Bonus Payment Appeals; *Use:* Section 1853(o) of the Act requires CMS to make QBPs to MA organizations that achieve performance rating scores of at least 4 stars under a five-star rating system. While CMS has applied a Star Rating system to MA organizations for a number of years, prior to the QBP program these Star Ratings were used only to provide additional information for beneficiaries to consider in making their Part C and D plan elections. Beginning in 2012, the Star Ratings CMS assigns for purposes of QBPs directly affected the monthly payment amount MA organizations receive from CMS under their contracts. Additionally, section 1854(b)(1)(C)(v) of the Act, as added by the Affordable Care Act, also requires CMS to change the share of savings that MA organizations must provide to enrollees as the beneficiary rebate specified at § 422.266(a) based on the level of a sponsor's Star Rating for quality performance.

The information collected on the Request for Reconsideration form from MA organizations is considered by the reconsideration official and potentially the hearing officer to review CMS's determination of the organization's eligibility for a QBP. The form asks MA organizations to select the Star Ratings measure(s) they believe was miscalculated or used incorrect data and describe what they believe is the issue. Under § 422.260(c)(3)(ii) these are the only bases for appeals. In conducting the reconsideration, the reconsideration official will review the QBP determination, the evidence and findings upon which it was based, and any other written evidence submitted by the organization with their Request for Reconsideration or by CMS before the reconsideration determination is made. *Form Number:* CMS-10346 (OMB Control Number 0938-1129; *Frequency:* Yearly; *Affected Public:* Private Sector; *Number of Respondents:* 20; *Total Annual Responses:* 20; *Total Annual Hours:* 160.
