B. Submitting Comments

Written comments and recommendations for the proposed information collection

should be sent within 30 days of publication of this notice to <https://www.reginfo.gov/public/do/PRAMain>. Find this particular information collection by selecting “Currently under Review - Open for Public Comments” or by using the search function.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <https://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC recently submitted a proposed collection of information to OMB for review entitled “Codes and Standards.” The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a *Federal Register* notice with a 60-day comment period on this information collection on August 30, 2023, 88 FR 59950.

1. *The title of the information collection:* 10 CFR 50.55a, Codes and Standards.
2. *OMB approval number:* An OMB control number has not yet been assigned to this proposed information collection.
3. *Type of submission:* New.
4. *The form number, if applicable:* Not applicable.

5. *How often the collection is required or requested:* Reports are submitted on occasion, typically at each refueling outage or when an alternative is requested. Inservice Testing (IST) Program Test and Examination Plans must be submitted within 90 days of their implementation for the applicable 120-month IST Program interval.

6. *Who will be required or asked to respond:* Licensees and applicants for or holders of an operating license or construction permit, applicants for a standard design certification under part 52 of title 10 of the *Code of Federal Regulations* (10 CFR) of this chapter, or an applicant for or holder of a standard design approval, or a combined license.

7. *The estimated number of annual responses:* 754 (660 reporting responses plus 94 recordkeepers).

8. *The estimated number of annual respondents:* 94.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 336,416 (119,276 reporting + 217,140 recordkeeping).

10. *Abstract:* Paragraph 50.55a, "Codes and Standards," specifies technical information and data to be provided to the NRC or maintained by applicants and licensees so that the NRC may take determinations necessary to protect the health and safety of the public, in accordance with the Atomic Energy Act of 1954, as amended. The reporting and recordkeeping requirements contained in 10 CFR 50.55a are mandatory for the affected licensees and applicants.

Dated: November 21, 2023.
