I. Background

The Bureau of Labor Statistics (BLS) awards funds to State agencies in the 50 States, the District of Columbia, Puerto Rico, Guam, and the Virgin Islands (hereinafter referred to as the "States") in order to jointly conduct BLS/State Labor Market Information (LMI) and Occupational Safety and Health Statistics (OSHS) cooperative statistical programs, which themselves have been approved by OMB separately, as follows:

To ensure the timely flow of information and to be able to evaluate and improve the BLS/State cooperative programs' management and operations, it is necessary to conduct ongoing communications between the BLS and its State partners. Whether information requests deal with program deliverables, program enhancements, operations, or administrative issues, questions and dialogue are crucial to the successful implementation of these programs.
