Human remains representing, at minimum, three individuals were removed from Okaloosa County, FL. During the summer of 1977, FLMNH received ancestral remains, ceramics, and a few other items from a private donor whose father had collected them

incrementally during fishing trips in the Fort Walton area during the 1920s and 1930s. No associated funerary objects are present.

There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: geographical and archeological.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, FLMNH has determined that:

- The human remains described in this notice represent the physical remains of three individuals of Native American ancestry.
- There is a relationship of shared group identity that can be reasonably traced between the human remains described in this notice and the Seminole Tribe of Florida.
