**SUPPLEMENTARY INFORMATION:** On September 5, 2023, NHTSA issued an Initial Decision That Certain Frontal Driver and Passenger Air Bag Inflators Manufactured by ARC Automotive Inc. and Delphi Automotive Systems LLC Contain a Safety Defect pursuant to 49 U.S.C. 30118(a) and 49 CFR 554.10. 88 FR 62140 (Sept. 8, 2023). More specifically, NHTSA initially determined that certain air bag inflators manufactured by ARC Automotive Inc. (ARC) and Delphi Automotive Systems LLC (Delphi) through January 2018 may rupture when the vehicle's air bag is commanded to deploy, causing metal debris to be forcefully ejected into the passenger compartment of the vehicle, and that these rupturing air bag inflators pose an unreasonable risk of serious injury or death to vehicle occupants. In accordance with 49 U.S.C. 30118(b)(1) and 49 CFR 554.10(c)(4), the Initial Decision provided manufacturers and any interested person an opportunity to present information, views, and arguments in response to the Initial Decision at a public meeting and/or by submitting written information to the Agency. The Initial Decision scheduled the public meeting for October 5, 2023 and set a deadline for written

submissions of October 20, 2023. NHTSA previously extended the written submission deadline to December 4, 2023. 88 FR 73069.

To provide additional opportunity for any interested person to present information, views, and arguments in response to the Initial Decision, NHTSA is providing an additional 14 days to the period during which interested persons can provide written submissions. The prior deadline of December 4, 2023 is extended, and written submissions from any interested person are now due on or before December 18, 2023.

Authority: 49 U.S.C. 30118(a), (b); 49 CFR 554.10; delegations of authority at 49 CFR 1.50(a) and 49 CFR 501.8.

*Associate Administrator for Enforcement.*
