DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. FDA-2015-D-3517]

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice of availability.

SUMMARY: The Food and Drug Administration (FDA or Agency) is announcing the availability of a draft guidance for industry entitled “Interim Policy on Compounding Using Bulk Drug Substances Under section 503A of the Federal Food, Drug, and Cosmetic Act” (draft guidance or 2023 503A Interim Policy Draft Guidance) to describe FDA’s interim policy regarding the use of bulk drug substances by human drug compounders that are not registered with FDA as outsourcing facilities while FDA develops the list of bulk drug substances that can be used in compounding under the applicable section of the Federal Food, Drug, and Cosmetic Act (FD&C Act). This draft guidance, when finalized, will replace the guidance for industry entitled, “Interim Policy on Compounding Using Bulk Drug Substances under section 503A of the Federal Food, Drug, and Cosmetic Act” issued in January 2017 (2017 503A Interim Policy Guidance).

DATES: Submit either electronic or written comments on the draft guidance by [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER] to ensure that the Agency considers your comment on this draft guidance before it begins work on the final version of the guidance.

ADDRESSES: You may submit comments on any guidance at any time as follows:

Electronic Submissions

Submit electronic comments in the following way:

[Link to submission page]
• Federal eRulemaking Portal: https://www.regulations.gov. Follow the instructions for submitting comments. Comments submitted electronically, including attachments, to https://www.regulations.gov will be posted to the docket unchanged. Because your comment will be made public, you are solely responsible for ensuring that your comment does not include any confidential information that you or a third party may not wish to be posted, such as medical information, your or anyone else’s Social Security number, or confidential business information, such as a manufacturing process. Please note that if you include your name, contact information, or other information that identifies you in the body of your comments, that information will be posted on https://www.regulations.gov.

• If you want to submit a comment with confidential information that you do not wish to be made available to the public, submit the comment as a written/paper submission and in the manner detailed (see “Written/Paper Submissions” and “Instructions”).

Written/Paper Submissions

Submit written/paper submissions as follows:

• Mail/Hand delivery/Courier (for written/paper submissions): Dockets Management Staff (HFA-305), Food and Drug Administration, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852.

• For written/paper comments submitted to the Dockets Management Staff, FDA will post your comment, as well as any attachments, except for information submitted, marked and identified, as confidential, if submitted as detailed in “Instructions.”

Instructions: All submissions received must include the Docket No. FDA-2015-D-3517 for “Interim Policy on Compounding Using Bulk Drug Substances Under Section 503A of the Federal Food, Drug, and Cosmetic Act.” Received comments will be placed in the docket and, except for those submitted as “Confidential Submissions,” publicly viewable at
https://www.regulations.gov or at the Dockets Management Staff between 9 a.m. and 4 p.m., Monday through Friday, 240-402-7500.

- Confidential Submissions--To submit a comment with confidential information that you do not wish to be made publicly available, submit your comments only as a written/paper submission. You should submit two copies total. One copy will include the information you claim to be confidential with a heading or cover note that states “THIS DOCUMENT CONTAINS CONFIDENTIAL INFORMATION.” The Agency will review this copy, including the claimed confidential information, in its consideration of comments. The second copy, which will have the claimed confidential information redacted/blacked out, will be available for public viewing and posted on https://www.regulations.gov. Submit both copies to the Dockets Management Staff. If you do not wish your name and contact information to be made publicly available, you can provide this information on the cover sheet and not in the body of your comments and you must identify this information as “confidential.” Any information marked as “confidential” will not be disclosed except in accordance with 21 CFR 10.20 and other applicable disclosure law. For more information about FDA’s posting of comments to public dockets, see 80 FR 56469, September 18, 2015, or access the information at:

Docket: For access to the docket to read background documents or the electronic and written/paper comments received, go to https://www.regulations.gov and insert the docket number, found in brackets in the heading of this document, into the “Search” box and follow the prompts and/or go to the Dockets Management Staff, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852, 240-402-7500.

You may submit comments on any guidance at any time (see 21 CFR 10.115(g)(5)).

Submit written requests for single copies of the draft guidance to the Division of Drug Information, Center for Drug Evaluation and Research, Food and Drug Administration, 10001
SUPPLEMENTARY INFORMATION:  

I. Background

FDA is announcing the availability of a draft guidance for industry entitled “Interim Policy on Compounding Using Bulk Drug Substances Under section 503A of the Federal Food, Drug, and Cosmetic Act.” This draft guidance, when finalized, will replace the 2017 503A Interim Policy Guidance, available at https://www.fda.gov/media/94398/download. Section 503A of the FD&C Act (21 U.S.C. 353a) describes the conditions that must be satisfied for human drug products compounded by a licensed pharmacist in a State-licensed pharmacy or Federal facility, or by a licensed physician, to be exempt from the following three sections of the FD&C Act: (1) section 505 (21 U.S.C. 355) (concerning the approval of drugs under new drug applications or abbreviated new drug applications); (2) section 502(f)(1) (21 U.S.C. 352(f)(1)) (concerning the labeling of drugs with adequate directions for use); and (3) section 501(a)(2)(B) (21 U.S.C. 351(a)(2)(B)) (concerning current good manufacturing practice requirements). One of the conditions that must be met for a compounded drug product to qualify for these exemptions is that a licensed pharmacist or licensed physician compounds the drug product using bulk drug substances that (1) comply with the standards of an applicable United States Pharmacopeia (USP) or National Formulary (NF) monograph, if a monograph exists, and the USP chapters on pharmacy compounding; (2) if such a monograph does not exist, are drug substances that are components of drugs approved by the Secretary of the Department of Health
and Human Services (Secretary); or (3) if such a monograph does not exist and the drug substance is not a component of a drug approved by the Secretary, appears on a list developed by the Secretary through regulations issued by the Secretary under subsection (c) of section 503A of the FD&C Act (the 503A bulks list). (See section 503A(b)(1)(A)(i) of the FD&C Act.)

This draft guidance, when finalized, will revise FDA’s current interim policy with respect to categorization of certain substances nominated for inclusion on the 503A bulks list. The guidance, when finalized, will end the categorization of bulk drug substances into Categories 1, 2, or 3 for those bulk drug substances nominated on or after the date of publication of the final guidance.

The 2017 503A Interim Policy Guidance describes the conditions under which FDA does not intend to take action against a State-licensed pharmacy, Federal facility, or physician for compounding drug products using certain bulk drug substances that are not eligible for use in compounding under section 503A because they are not the subject of an applicable USP or NF monograph, components of FDA-approved drug products, or on the 503A bulks list. One of those conditions is that the bulk drug substance appears in Category 1. If the 2023 503A Interim Policy Draft Guidance is finalized in its current form, a substance nominated on or after the date of publication of that final guidance would not be categorized and would not be within the scope of the policy for substances that appear in Category 1.\textsuperscript{1} However, FDA would consider the substance for inclusion on the 503A bulks list in accordance with the process and criteria established in the FD&C Act and FDA regulations (see section 503A(b)(1)(A) of the FD&C Act and 21 CFR 216.23(c)). Substances that already appear in Category 1 (including substances nominated with adequate supporting information prior to the date of publication of the final guidance) may continue to be eligible for the policy that applies to Category 1 substances, as

\textsuperscript{1} FDA recognizes that some compounders and other stakeholders may currently be in the process of compiling a nomination for the 503A bulks list for submission to the Agency. FDA intends to categorize nominations of bulk drug substances received prior to the date in which FDA announces the availability of the final guidance. FDA believes that this will provide a sufficient amount of time in which to submit nominations that are currently in progress.
described in the final guidance, until FDA promulgates a final rule determining whether they will be placed on the 503A bulks list in accordance with section 503A(b)(1)(A)(i)(III) of the FD&C Act or unless the Agency removes the substances from Category 1 based on, for example, information about safety risks.

FDA encourages interested parties to focus their comments on the limited revisions to the interim policy included, for public comment, in the 2023 503A Interim Policy Draft Guidance.

This draft guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the current thinking of FDA on “Interim Policy on Compounding Using Bulk Drug Substances Under Section 503A of the Federal Food, Drug, and Cosmetic Act.” It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.

II. Paperwork Reduction Act of 1995

FDA tentatively concludes that this draft guidance contains no collection of information. Therefore, clearance by the Office of Management and Budget under the Paperwork Reduction Act of 1995 is not required.

III. Electronic Access

Dated: December 1, 2023.

Lauren K. Roth,

Associate Commissioner for Policy.
