SUPPLEMENTARY INFORMATION:

I. Abstract

Section 1761(h) under the Export Control Reform Act (ECRA) of 2018, authorizes the President and the Secretary of Commerce to issue regulations to implement the ECRA including those provisions authorizing the control of exports of U.S. goods and technology to all foreign destinations, as necessary for the purpose of national security, foreign policy and short supply, and the provision prohibiting U.S. persons from participating in certain foreign boycotts. Export control authority has been assigned directly to the Secretary of Commerce by the ECRA and delegated by the President to the Secretary of Commerce. This authority is administered by the Bureau of Industry and Security through the Export Administration Regulations (EAR). BIS administers a system of export, re-export, and in-country transfer controls in accordance with the EAR. In doing so, BIS requires that parties wishing to engage in certain transactions apply for licenses, submit Encryption Review Requests, or submit notifications to BIS. BIS also reviews, upon request, specifications of various items and determines their proper classification under the EAR.
