SUPPLEMENTARY INFORMATION:

Title: Certification of Enforcement of Vehicle Size and Weight Laws

OMB Control #: 2125-0034.

Background: Title 23, U.S.C., section 141, requires each State, the District of Columbia and Puerto Rico to file an annual certification that they are enforcing their size and weight laws on Federal-aid highways and that their Interstate System weight limits are consistent with Federal requirements to be eligible to receive an apportionment of Federal highway trust funds. Failure of a State to file a certification, adequately enforce its size and weight laws, and enforce weight laws on the Interstate System that are consistent with Federal requirements, could result in a specified reduction of its Federal highway fund apportionment for the next fiscal year. In addition, section 123 of the Surface Transportation Assistance Act of 1978 (Pub. L. 95-599, 92 Stat.2689, 2701) requires each jurisdiction to inventory annually (1) its penalties for violation of its size and weight laws, and (2) the term and cost of its oversize and overweight permits. Section 141 also authorizes the Secretary to require States to file such information as is necessary to verify that their certifications are accurate. To determine whether States are adequately enforcing their size and weight limits, FHWA requires that each State submit to the FHWA an updated plan for enforcing their size and weight limits. The plan goes into effect at the beginning of each Federal fiscal year. At the end of the fiscal year, States must submit their certifications and sufficient information to verify that their enforcement goals established in the plan have been met.

Respondents: The State Departments of Transportation (or equivalent) in the 50 states, the District of Columbia, and the Commonwealth of Puerto Rico.

Frequency: Annually in separate collections: one certification and one plan.

Estimated Average Burden per Response: Each response will take approximately 40 hours.

Estimated Total Annual Burden Hours: Total estimated average annual burden is 4,160 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the

quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.

Issued On: December 18, 2023.

Jazmyne Lewis,
Information Collection Officer.
