**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

*Needs and Uses:* FCC Form 338, AM Station Modulation Dependent Carrier Level (MDCL) Notification Form is used by AM broadcasters to implement MDCL technologies without prior authorization, by electronic notification within 10 days of commencing MDCL operations. In addition to the standard general contact information, FCC Form 338 solicits minimal technical data, as well as the date that MDCL control operations commenced.

In October 2015, the Commission adopted its proposal for wider implementation of MDCL control technologies and amended section 73.1560(a) of the rules. 47 CFR 73.1560(a)(1) is consequentially covered by this information collection. This rule specifies the limits on antenna input power for AM stations. AM stations using MDCL control technologies are not required to adhere to these operating power parameters. The rule provides that an AM station may commence MDCL control technology without prior Commission authority, provided that within ten days after commencing such operation, the AM station licensee submits an electronic notification of commencement of MDCL operation using FCC Form 338.

The Commission is now requesting a three year extension for this collection from the Office of Management and Budget (OMB).
