Notice of Availability of a Draft Environmental Assessment for Commercial Wind Lease Issuance and Site Assessment Activities on the Atlantic Outer Continental Shelf Offshore Delaware, Maryland, and Virginia

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) announces the availability of a draft environmental assessment (EA) to consider the potential environmental impacts associated with possible wind energy-related leasing, site assessment, and site characterization activities on the U.S. Atlantic Outer Continental Shelf (OCS). This notice of availability (NOA) announces the start of the public review and comment period, as well as the dates and times for public meetings on the draft EA. After BOEM holds the public meetings and addresses public comments submitted during the review period, BOEM will publish a final EA. The EA will inform BOEM's decision whether to issue wind energy leases in the Central Atlantic Wind Energy Areas (WEAs).

DATES: Comments must be received no later than [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*]. BOEM's virtual public meetings will be held on the following dates at the times (eastern time) indicated.

- Tuesday, January 30; 5:00 p.m.
- Thursday, February 1; 1:00 p.m.

Registration for the virtual public meeting is required and may be completed at <https://www.boem.gov/renewable-energy/state-activities/central-atlantic>. Meeting

information will be sent to registrants via their email address provided during registration.

FOR FURTHER INFORMATION CONTACT: Jessica Stromberg, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, VAM-OREP, Sterling, Virginia 20166, (703) 787-1730 or jessica.stromberg@boem.gov.

SUPPLEMENTARY INFORMATION:

Proposed Action: The draft EA analyzes the proposed action, which is issuing wind energy leases in the Central Atlantic WEAs, and the no action alternative. The lease sale itself would not authorize any activities on the OCS. Therefore, the EA considers the

reasonably foreseeable environmental consequences of site characterization surveys (i.e., biological, archeological, geological and geophysical surveys, and core samples) and site assessment activities (i.e., installation of meteorological buoys), which are expected to take place following lease issuance. BOEM decided to prepare an EA for this proposed action in order to assist the agency's planning and decision-making (40 CFR 1501.5(b)).

Availability of the Draft EA: The draft EA and associated information are available on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/central-atlantic>. If you require a digital copy on a flash drive or a paper copy, BOEM will provide one upon request, if supplies are available. You may request a flash drive or paper copy of the draft EA by contacting Lisa Landers at (703) 787-1520 or lisa.landern@boem.gov.

Cooperating Agencies: The following Federal agencies participated as cooperating agencies in the preparation of the draft EA: the Bureau of Safety and Environmental Enforcement, National Marine Fisheries Service, U.S. Army Corps of Engineers, and the Environmental Protection Agency. The Town of Ocean City, Maryland, also participated as a cooperating agency in the preparation of the draft EA.

Information on Submitting Comments: All comments from identified individuals, businesses, and organizations will be available for public viewing on [regulations.gov](https://www.regulations.gov). Note that BOEM will make available for public inspection all comments submitted by organizations and businesses, or by individuals identifying themselves as representatives of organizations or businesses.

Even if BOEM withholds your information in the context of this notice, your comment is subject to FOIA. If your comment is requested under FOIA, BOEM will withhold your information only if it determines that one of FOIA's exemptions to disclosure applies. religious site by practitioners. Tribal entities should designate information that falls under section 304 of NHPA as confidential.
