Abstract: The purpose of Indian Education Formula Grant to Local Agencies, as authorized under section 6116 of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA) is to assist grantees to provide Indian students with the opportunity to meet the same challenging state standards as all other students and meet the unique educational and culturally related academic needs of Indian students. The Indian Education Formula Grant (Assistance Listing Number 84.060A), is neither competitive nor discretionary and requires the annual submission of the application from either a local education agency, tribe, Indian organization, or Indian community-based organization. The amount of the award for each applicant is determined by a formula based on the reported number of Indian students identified in the application, the state per pupil expenditure, and the total appropriation available. The Office of Indian Education (OIE) of The Department of Education (ED) collects annual performance data within the same system that collects the annual application. The application and the annual performance report are both housed in the OMB MAX/Connect.gov Survey. Clearance was granted for the Electronic Application System for Indian Education (EASIE) Annual Performance Report (EASIE Part III) in a revised information collection by OIE. This is a request for revision of this collection. We have removed the fax number fields from this collection. In addition, we propose revisions that will clarify instructions and improve usability.
