

DEPARTMENT OF AGRICULTURE

National Agricultural Statistics Service

Notice of Intent to Request Revision and Extension of a Currently Approved Information Collection.

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 this notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, the Hemp Production and Disposition Inquiry. Revision to burden hours will be needed due to changes in the size of the target population, sampling design, number of mailings, and/or questionnaire length.

DATES: Comments on this notice must be received by [INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*] to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535-0270, by any of the following methods:

- E-mail: OMBOfficer@nass.usda.gov. Include docket number above in the subject line of the message.
- eFax: (855) 838-6382
- Mail: Mail any paper, disk, or CD-ROM submissions to: Richard Hopper, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, D.C. 20250-2024.

- Hand Delivery/Courier: Hand deliver to: Richard Hopper, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, D.C. 20250-2024.

FOR FURTHER INFORMATION CONTACT: Joseph L. Parsons, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720-4333. Copies of this information collection and related instructions can be obtained without charge from Richard Hopper, NASS - OMB Clearance Officer, at (202) 720-2206 or at ombofficer@nass.usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Hemp Production and Disposition Inquiry.

OMB Control Number: 0535-0270.

Expiration Date of Approval: August 31, 2024.

Type of Request: Intent to Seek Approval to Revise and Extend an Information Collection for 3 years.

Abstract: The primary objective of the National Agricultural Statistics Service is to prepare and issue State and national estimates of crop and livestock production, disposition, and prices. The 2018 Farm Bill requires USDA to promulgate regulations and guidelines to establish and administer a program for the production of hemp in the United States.

As defined in the 2018 Farm Bill, the term “hemp” means the plant species *Cannabis sativa* L. and any part of that plant, including the seeds thereof and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, with a delta-9 tetrahydrocannabinol concentration of not more than 0.3 percent on a dry weight basis. Delta-9 tetrahydrocannabinol, or THC, is the primary intoxicating component of cannabis. Cannabis with a THC level exceeding 0.3 percent is considered

marijuana, which remains classified as a schedule I controlled substance regulated by the Drug Enforcement Administration (DEA) under the Controlled Substances Act (CSA). Under the Agricultural Act of 2014 (2014 Farm Bill), Public Law 113-79, State departments of agriculture and institutions of higher education were permitted to produce hemp as part of a pilot program for research purposes. The authority for hemp production provided in the 2014 Farm Bill was extended by the 2018 Farm Bill, which was signed into law on December 20, 2018.

Hemp is a commodity that can be used for numerous industrial and horticultural purposes including fabric, paper, construction materials, food products, cosmetics, production of cannabinoids (such as cannabidiol or CBD), and other products.

In determining the type of data that would need to be collected and the frequency of the data collections, NASS management attended a joint meeting with representatives from the USDA's Economic Research Service (ERS), Farm Service Agency (FSA), Risk Management Agency (RMA), Agricultural Marketing Service (AMS), and the Office of the Secretary.

Authority: The data will be collected under the authority of the Domestic Hemp Production Program, which is mandated by the Agriculture Improvement Act of 2018 (2018 Farm Bill). In addition, the data will be collected under the authority of Title 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3501, et seq.), and Office of Management and Budget regulations at 5 CFR part 1320.

All NASS employees and NASS contractors must also fully comply with all provisions of the Confidential Information Protection and Statistical Efficiency Act (CIPSEA) of

2018, Title III of Pub. L. No. 115-435, codified in 44 U.S.C. Ch. 35. CIPSEA supports NASS's pledge of confidentiality to all respondents and facilitates the agency's efforts to reduce burden by supporting statistical activities of collaborative agencies through designation of NASS agents, subject to the limitations and penalties described in CIPSEA. NASS uses the information only for statistical purposes and publishes only tabulated total data.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 15 minutes per response. Publicity materials and instruction sheets will account for 5 minutes of additional burden per respondent.

Respondents: Farmers and Ranchers.

Estimated Number of Respondents: 8,025

Estimated Total Annual Burden on Respondents: 2,600 hours.

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological, or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, D.C., February 20, 2024.

Joseph L. Parsons,
Associate Administrator.
