Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2024-0273; Airspace Docket No. 24-AGL-4]

RIN 2120-AA66

Amendment of Class D and Class E Airspace; Saginaw, MI

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend the Class D and Class E airspace at Saginaw, MI. The FAA is proposing this action as the result of airspace reviews conducted as part of the decommissioning of the Mount Pleasant very high frequency omnidirectional range (VOR) as part of the VOR Minimum Operational Network (MON) Program. This action would also update the names and the geographic coordinates of various airports to coincide with the FAA's aeronautical database. This action will bring the airspace into compliance with FAA orders and support instrument flight rule (IFR) procedures and operations.

DATES: Comments must be received on or before [INSERT DATE 45 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: Send comments identified by FAA Docket No. FAA-2024-0273 and Airspace Docket No. 24-AGL-4 using any of the following methods:

* Federal eRulemaking Portal: Go to www.regulations.gov and follow the online instruction for sending your comments electronically.

* Mail: Send comments to Docket Operations, M-30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12-140, West Building Ground Floor, Washington, DC 20590-0001.

* Hand Delivery or Courier: Take comments to Docket Operations in Room W12-140 OF THE

West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

* Fax: Fax comments to Docket Operations at (202) 493-2251.

Docket: Background documents or comments received may be read at www.regulations.gov at any time. Follow the online instructions for accessing the docket or go to Docket Operations in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FAA Order JO 7400.11H, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. You may also contact the Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington DC 20591; telephone: (202) 267-8783.

FOR FURTHER INFORMATION CONTACT: Jeffrey Claypool, Federal Aviation Administration, Operations Support Group, Central Service Center, 10101 Hillwood Parkway, Fort Worth, TX 76177; telephone (817) 222-5711.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend the Class D airspace, Class E surface airspace, and Class E airspace extending upward from 700 feet above the surface at MBS International Airport, Saginaw, MI, to support IFR operations at this airport.

Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. To ensure the docket does not contain duplicate comments, commenters should submit only one time if comments are filed electronically, or commenters should send only one copy of written comments if comments are filed in writing.

The FAA will file in the docket all comments it receives, as well as a report summarizing each substantive public contact with FAA personnel concerning this proposed rulemaking. Before acting on this proposal, the FAA will consider all comments it received on or before the closing date for comments. The FAA will consider comments filed after the comment period has closed if it is possible to do so without incurring expense or delay. The FAA may change this proposal in light of the comments it receives.

Privacy: In accordance with 5USC 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov as described in the system of records notice (DOT/ALL-14FDMS), which can be reviewed at www.dot.gov/privacy.

Availability of Rulemaking Documents

An electronic copy of this document may be downloaded through the Internet at www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address, phone number, and hours of operations). An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization,

Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Incorporation by Reference

Class D and E airspace is published in paragraphs 5000, 6002, and 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11H, dated August 11, 2023, and effective September 15, 2023.

These updates would be published subsequently in the next update to FAA Order JO 7400.11. That order is publicly available as listed in the **ADDRESSES** section of this document.

FAA Order JO 7400.11H lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 by:

Modifying the Class D airspace within a 4.3-mile (decreased from a 4.8-mile) radius of MBS International Airport, Saginaw, MI; and replacing the outdated terms “Notice to Airmen” and “Airport/Facility Directory” with “Notice to Air Missions” and “Chart Supplement”;

Modifying the Class E surface airspace to within a 4.3-mile (decreased from a 4.8-mile) radius of MBS International Airport; updating the name (previously Tri City International Airport) and the geographic coordinates of the airport to coincide with the FAA’s aeronautical database; and replacing the outdated terms “Notice to Airmen” and “Airport/Facility Directory” with “Notice to Air Missions” and “Chart Supplement”;

And modifying the Class E airspace extending upward from 700 feet above the surface to within a 6.8-mile (decreased from a 7-mile) radius of MBS International Airport; removing the Saint Mary’s Heliport and associated airspace as the instrument procedures to the heliport have been cancelled and the airspace is no longer required; updating the name of Saginaw County/H.W. Browne Airport (previously Saginaw County H.W. Browne Airport), Saginaw, MI,

and the geographic coordinates of MBS International, Saginaw County/H.W. Browne Airport, and Jack Barstow Airport, Midland, MI, to coincide with the FAA's aeronautical database; and removing the cities associated with the airports in the airspace legal description to comply with changes to FAA Order JO 7400.2P, Procedures for Handling Airspace Matters.

This action is the result of airspace reviews conducted as part of the decommissioning of the Mount Pleasant VOR as part of the VOR MON Program and to support IFR procedures and operations at these airports.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71 – DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11H, Airspace Designations and Reporting Points, dated August 11, 2023, and effective September 15, 2023, is amended as follows:

Paragraph 5000. Class D Airspace.

* * * * *

AGL MI D Saginaw, MI [Amended]

MBS International Airport, MI
(Lat 43°31'59"N, long 84°04'47"W)

That airspace extending upward from the surface to and including 3,200 feet MSL within a 4.3-mile radius of MBS International Airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Air Missions. The effective dates and times will thereafter be continuously published in the Chart Supplement.

* * * * *

Paragraph 6002. Class E Airspace Areas Designated as Surface Areas.

* * * * *

AGL MI E2 Saginaw, MI [Amended]

MBS International Airport, MI
(Lat 43°31'59"N, long 84°04'47"W)

Within a 4.3-mile radius of MBS International Airport. This Class E airspace area is effective during the specific dates and times established in advance by a Notice to Air Missions. The effective dates and times will thereafter be continuously published in the Chart Supplement.

* * * * *

Paragraph 6005. Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AGL MI E5 Saginaw, MI [Amended]

MBS International Airport, MI
(Lat 43°31'59"N, long 84°04'47"W.)
Saginaw County/H.W. Browne Airport, MI
(Lat 43°26'00"N, long 83°51'44"W)
James Clements Municipal Airport, MI
(Lat 43°32'49"N, long 83°53'44"W)
Jack Barstow Airport, MI
(Lat 43°39'47"N, long 84°15'41"W)

That airspace extending upward from 700 feet above the surface within a 6.8-mile radius of MBS International Airport; and within a 6.5-mile radius of Saginaw County/H.W. Browne Airport; and within a 6.4-mile radius of James Clements Municipal Airport; and within a 6.4-mile radius of Jack Barstow Airport.
