Title: Application for Approval of an Institution of Higher Learning Facility, VA Form 22-10287; Institution of Higher Learning – Program Submission List, VA Form 22-10287a; Application for Approval of Organizations Other Than Institutions of Higher Learning, VA Form 22-10288; Non-Institution of Higher Learning – Program Submission List, VA Form 22-10288a.

OMB Control Number: 2900-0932.

Type of Review: Extension.

Abstract: Pub. L. 117-333 sec. 11, enacted January 5, 2023, amended title 38 U.S.C. 3672, “Approval of Courses”. This provision of the law required VA to create and design two new uniform applications and any accompanying documentation for approval of courses of educational programs, and for those forms to be available for use by October 1, 2023. The Program Office created those four forms to meet the amended criteria of 38 U.S.C. 3672.

These forms are completed by educational institutions, training establishments and other organizations seeking approval of one or more programs of study for the payment of VA Education benefits rendered to eligible beneficiaries. The institutions submit the forms to the State Approving Agencies (SAAs) of jurisdiction for their review. By law, each SAA has the authority to make such approvals in their respective state. VA contracts with SAAs in each state for this approval assessment work.

Prior to the new legislative requirement, each SAA used their own application form(s), making it difficult for training institutions operating in more than one state to readily complete the process, as different states required different information. The amendment to title 38 U.S.C. 3672 now ensures uniformity in the program approval process across all states. The uniform SAA applications are used by educational and training institutions to apply for initial approval of their programs for payment of VA benefits; to make revisions of existing program approvals, or to submit withdrawals of approved programs

no longer being offered. The institutions complete either the VA Form 22-10287, or the VA Form 22-10288, based on the type of training offered at their institution. Institutions of Higher Learning (IHLs) will use the VA Form 22-10287 exclusively, and all other types of educational training establishments will use the VA Form 22-10288. Each institution may use the associated "Program List", VA Form 22-10287a or VA Form 22-10288a to add, revise, or remove any program offered. In some cases, institutions may use their own documentation to make administrative revision(s) such as changes of address, banking information, or ownership changes, when all program offerings remain the same. The VA Forms 22-10287 and 22-10288, and any associated program list or documentation are submitted by the educational or training institution to the SAA of jurisdiction for review. Currently the educational institution sends the requests for program approval to the SAAs either via email, direct mail, an SAA portal, or as directed by the SAA. The SAA makes an approval decision and notifies the institution accordingly. The SAA then sends the approval package to the VA Education Liaison Representative (ELR) of jurisdiction. Program reviews will be conducted in the near future to determine the availability of advanced automation technology for submitting the applications between educational and training institutions, SAAs and VA, which may help to reduce future burdens. The approval package includes the application/form received from the training institution, the SAA's findings, and any additional related information that supports payment of GI Bill benefits, as well as a copy of the notification sent to the training institution. The VA Education Liaison Representative (ELR) reviews the approval package for completeness, or requests additional information, if required. After the package is deemed complete, the ELR processes the package by entering the required information into VA's internal "Web Enabled Approval Management System (WEAMS)". The ELR provides the report to the training institution, which contains the final approval information. The ELR then sends a copy to the SAA of jurisdiction. Finally,

the approval data entered in WEAMS by the ELR is then used by Veterans Claims Examiners to adjudicate education benefit claims.
