[Docket Number FRA-2024-0018]

Petition for Extension of Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on January 4, 2024, Nevada Northern Railway (NNRX) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR parts 215 (Railroad Freight Car Safety Standards) and 224 (Reflectorization of Rail Freight Rolling Stock). FRA assigned the petition Docket Number FRA-2024-0018.

Specifically, NNRX requests a special approval pursuant to 49 CFR 215.203, *Restricted cars*, for 1 car (caboose NNRX 6) that is more than 50 years from the date of original construction. NNRX also seeks relief from § 215.303, *Stenciling of restricted cars*, and § 224.101, *General requirements*, to operate the car in tourist/excursion service. In support of its request, NNRX states that the car will also be used in occasional tourist photographic events. NNRX explains the relief will “maintain the historic integrity of this [non-insular tourist] railroad” and that “the car always remains on [NNRX] track.” Further, the car will be operated at speeds “not exceeding 25 [miles per hour], with light tonnage (if any).”

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.
