National Agricultural Statistics Service (NASS)

Title: Fast Track Generic Clearance for Qualitative Feedback on Customer Satisfaction Surveys

OMB Control Number: 0535-0261

Summary of Collection: Executive Order 12862 directs Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector. In order to ensure that our programs are effective and meet our users' needs, the National Agricultural Statistics Service (NASS) seeks to obtain OMB approval for the renewal of this generic clearance to collect qualitative feedback on our products and services. The qualitative information to be collected is intended to provide useful insights on user perceptions and opinions. It is not intended to yield quantitative results that are statistically generalizable to any larger populations.

Annual requests from the Illinois Department of Agriculture (IDOA) to establish numerical measurements of the general level of satisfaction felt by IDOA's customers and clients will be included in this generic information collection request when funded by the IDOA. The results are used by some Bureaus in the IDOA as part of a Public Accountability Report that is submitted to the Illinois Comptroller. In addition, the

Bureaus are using the results to help guide their operational management decisions, in particular for training staff

Need and Use of the Information: This collection of information is necessary to enable NASS to obtain feedback in an efficient, timely manner, in accordance with our commitment to improving the quality, usability, and ease of accessing our surveys and public information. This feedback will provide insights into user perceptions, experiences, expectations, and provide an early warning of issues with service; and focus attention on areas where communication, training, or changes in operations might improve delivery of products and services. These collections will allow for ongoing, collaborative, and actionable communications between NASS and its customers and stakeholders. The feedback will also contribute directly to the improvement of program management.
