Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER] will be considered.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website

www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review - Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number, and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

TITLE: Bees and Related Articles.

OMB CONTROL NUMBER: 0579–0207.

SUMMARY OF COLLECTION: The Plant Protection Act (APA) ([7 U.S.C. 7701 et seq.](#)), authorizes the Secretary of Agriculture to prohibit or restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States.

Under the Honeybee Act ([7 U.S.C. 281–286](#)), the Secretary is authorized to prohibit or restrict the importation of honeybees and honeybee semen to prevent the introduction into the United States of diseases and parasites harmful to honeybees and of undesirable species and subspecies of honeybees. The Animal and Plant Health Inspection Service (APHIS), Plant Protection and Quarantine (PPQ), is responsible for implementing the intent of these Acts, and does so through the enforcement of its pollinator and bee regulations.

NEED AND USE OF THE INFORMATION: APHIS collects information from a variety of individuals who are involved in breeding, exporting, importing, and containing bees and related articles. The information APHIS collects serves as the supporting documentation needed to issue required PPQ forms and documents that allow importation of bees and related articles or authorizes the release of bees. This documentation is vital to helping APHIS ensure that exotic bee diseases and parasites, and undesirable species and subspecies of honeybees, do not spread into or within the United States. Without the information, APHIS could not verify that imported bees and related articles do not present a significant risk of introducing exotic bee disease, parasites, and undesirable species and subspecies of honeybees.

DESCRIPTION OF RESPONDENTS: Businesses or other-for-profit; Foreign Federal Government.

NUMBER OF RESPONDENTS: 8.

FREQUENCY OF RESPONSES: Recordkeeping; Reporting: On occasion.

TOTAL BURDEN HOURS: 64.
