**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DoD.

**ACTION:** Notice of limitation on claims for judicial review of actions by the U.S. Army Corps of Engineers (USACE).

**SUMMARY:** USACE announces final agency action on the USACE authorization for the proposed construction and maintenance of the South Fork Wind project offshore New York and Rhode Island. USACE has issued a permit authorizing the construction and maintenance of the South Fork Wind project under section 10 of the Rivers and Harbors Act of 1899 (RHA), section 404 of the Clean Water Act (CWA). The South Fork Wind project is a “covered project” under Title 41 of the Fixing America’s Surface Transportation Act.

**DATES:** A claim seeking judicial review of the USACE authorization of construction and maintenance of the South Fork Wind project will be barred unless the claim is filed not later than two years after this notice’s publication date. If the Federal law that allows for judicial review of the USACE authorization specifies a shorter time period for filing such a claim, then that shorter time period will apply.
