Abstract: A claimant's eligibility for Pension is determined, in part, by countable family income and net worth. Any individual who has applied for, or receives, VA Pension or Parents' Dependency and Indemnity Compensation (DIC) must promptly notify the VA in writing of any change in entitlement factors. VBA uses Eligibility Verification Reports (EVRs) to receive income and net worth information from Pension and Parents DIC claimants and beneficiaries to evaluate eligibility for benefits. The reported information can result in increased or decreased benefits. Typically, the claimants and beneficiaries utilize the form to notify the VA of changes in income and net worth, though the forms could be used to reopen a claim for benefits in limited circumstances. This is a request for an extension of the EVR collections with no substantive changes.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.
