SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the *Federal Register* concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request* Reinstatement with change; *Title of Information Collection:* Medicare Electronic Data Interchange (EDI) Registration and Electronic Data Interchange Enrollment Form; *Use:* The purpose of this collection is to obtain information that will be subsequently used during transaction exchange for identification of Medicare providers/suppliers and authorization of requested electronic data interchange (EDI) functions. The EDI Registration Form and the Medicare Enrollment Forms are completed by Medicare providers/suppliers and submitted to CMS Medicare Administrative Contractors (MACs). Authorization is needed for providers/suppliers to send/receive Health Insurance Portability and Accountability Act (HIPAA) standard transactions directly (or through a designated 3rd party) to/from Medicare contractors. Medicare contractors will use the

information for initial set-up and maintenance of the access privileges. CMS has allowed each MAC to create their own organization specific forms given they are comparable in terms of content of forms 10164A and 10164B, to transmit data files electronically between themselves and their trading partners. The Standards for Electronic Transactions final rule, 45 CFR Part 162 Subpart K §162.1101 through Subpart R §162.1802, (hereinafter referred to as “Transactions Rule”) published August 17, 2000 adopted standards for health care transactions and code sets¹. Subsequent to the Transactions Rule, CMS-0003-P and CMS-0005-P proposed modifications to the adopted standards essential to permit initial implementation of the standards throughout the entire healthcare industry. Currently, MACs have a process in place to enroll providers for electronic billing and other EDI transactions. In support of the HIPAA Transactions Rule, the purpose of this Paperwork Reduction Act (PRA) request is to establish a prescribed amount of data that must be submitted by providers/suppliers that is sufficient to address all HIPAA transactions. *Form Number:* CMS–10164 A/B (OMB control number: 0938–0983); *Frequency:* Once; *Affected Public:* Private and Business or other for-profits; *Number of Respondents:* 1,181,209; *Total Annual Responses:* 1,181,209; *Total Annual Hours:* 393,706.
