

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP23-129-000]

Corpus Christi Liquefaction, LLC, CCL Midscale 8-9, LLC; Notice of Revised Schedule for Environmental Review of the Corpus Christi Liquefaction Midscale Trains 8 & 9 Project

This notice identifies the Federal Energy Regulatory Commission staff's revised schedule for the completion of the environmental assessment (EA) for Corpus Christi Liquefaction, LLC's and CCL Midscale 8-9, LLC's (collectively referred to as, CCL) Corpus Christi Liquefaction Midscale Trains 8 & 9 Project. The first notice of schedule, issued on November 3, 2023, identified March 15, 2024 as the EA issuance date. However, staff identified additional information needs in response to CCL's full impact air dispersion analysis for criteria air pollutants filed on March 5, 2024, which resulted in a schedule delay for the issuance of the EA. CCL responded to our information requests on March 19, March 27, and April 24, 2024, providing the information needed to complete our analysis. As a result, staff has revised the schedule for issuance of the EA.

Schedule for Environmental Review

| | |
|-------------------------------------------------------------|--------------------|
| Issuance of the EA | June 21, 2024 |
| 90-day Federal Authorization Decision Deadline ¹ | September 19, 2024 |

¹ The Commission's deadline applies to the decisions of other Federal agencies, and State agencies acting under federally delegated authority, that are responsible for Federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by Federal law.

If a schedule change becomes necessary, an additional notice will be provided so that the relevant agencies are kept informed of the project's progress.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of all formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Additional information about the Project is available from the Commission's Office of External Affairs at (866) 208-FERC or on the FERC website (www.ferc.gov). Using the "eLibrary" link, select "General Search" from the eLibrary menu, enter the selected date range and "Docket Number" excluding the last three digits (i.e., CP23-129), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

Dated: May 16, 2024.

Debbie-Anne A. Reese,

Acting Secretary.
