Constellation Energy Generation, LLC; Clinton Power Station, Unit 1; Partial Site Release

AGENCY: Nuclear Regulatory Commission.

ACTION: Public meeting; request for comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is considering a request from Constellation Energy Generation, LLC (Constellation, the licensee) to approve the release of 172.7 acres of land to DeWitt County, Illinois, for the Clinton Lake Marina.

II. Discussion

Constellation Energy Generation LLC (Constellation, the licensee) is the holder of Facility Operating License No. NPF-62 for Clinton Power Station, Unit 1 (CPS). The license provides, among other things, that the CPS, Unit 1 is subject to all rules, regulations, and orders of the NRC now or hereafter in effect. The CPS license (NPF-62, Docket No. 50-461) is for a power reactor under part 50 of title 10 of the *Code of Federal*

Regulations (10 CFR), “Domestic Licensing of Production and Utilization Facilities.”

The NRC received a request for approval of a partial site release from Constellation, by letter dated June 7, 2023 (ADAMS Accession No. ML23158A262), as supplemented by letter dated February 8, 2024 (ADAMS Accession No. ML24039A182). Constellation requests NRC approval to remove and release from its 10 CFR part 50, license, 172.7 acres of land for the Clinton Lake Marina in accordance with 10 CFR 50.83(b). In its request, the licensee states that the property that is subject to this release request was not used for plant operations or storage of radioactive material. As described in 10 CFR 50.83(c), the NRC will determine whether the licensee has adequately evaluated the effect of releasing the properties per the requirements of 10 CFR 50.83(a)(1); determine whether the licensee’s classification of any released areas as “non-impacted” is adequately justified; and if the NRC determines that the licensee’s submittal is adequate, the NRC will inform the licensee in writing that the release is approved.

III. Request for Comment and Public Meeting

The NRC will conduct a public meeting to answer questions and gather comments regarding Constellation’s request for approval of the partial site release. The meeting will be held on Wednesday, July 24, 2024, from 5:30 p.m. until 7 p.m., CT, at the Clinton City Hall, 118 W Washington St., Ste 3, Clinton, IL 61727. Comments can be provided orally or in writing to the NRC staff present at the meeting. The NRC will consider and, if appropriate, respond to these written and verbal comments, but such comments will not otherwise constitute part of the decisional record.

Please contact Joel S. Wiebe no later than July 17, 2024, by phone at 301-415-6606 or by email at Joel.Wiebe@nrc.gov, if accommodations or special equipment are needed for you to attend or to provide comments, so that the NRC staff can determine whether the request can be accommodated.

For information regarding the meeting, monitor the NRC's Public Meeting Schedule website at <https://www.nrc.gov/pmns/mtg> for information about the public meeting. The agenda will be posted no later than 10 days prior to the meeting.

Dated: July 3, 2024.
