## B. Submitting Comments

The NRC encourages electronic comment submission through the **Federal rulemaking website** (<https://www.regulations.gov>). Please include Docket ID **NRC-2024-0033**, in your comment submission.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <https://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

## II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized as follows.

1. *The title of the information collection:* Voluntary Reporting of Planned New Reactor Applications.
2. *OMB approval number:* 3150-0228.
3. *Type of submission:* Revision.
4. *The form number, if applicable:* Not applicable.

5. *How often the collection is required or requested:* Annually.
6. *Who will be required or asked to respond:* Applicants, licensees, and potential applicants report this information on a strictly voluntary basis.
7. *The estimated number of annual responses:* 20.
8. *The estimated number of annual respondents:* 20.
9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 1405.

10. *Abstract:* This voluntary information collection assists the NRC in determining resource and budget needs with respect to future construction-related activities, anticipated licensing and design certification rulemaking actions under part 50 of title 10 of the *Code of Federal Regulations* (10 CFR), “Domestic Licensing of Production and Utilization Facilities” and/or 10 CFR part 52 “Licenses, Certifications, and Approvals for Nuclear Power Plants” and other regulatory and preapplication activities for large light water reactors (LWRs), light water cooled small modular reactors, non-LWRs, and nonpower production and utilization facilities. In addition, information provided to the NRC staff is intended to promote early communications between the NRC and potential applicants about planned licensing and construction activities under 10 CFR part 50 and/or 10 CFR part 52. The overarching goal of this information collection is to assist the NRC staff more effectively and efficiently plan, schedule, and implement activities and reviews in a timely manner.

### **III. Specific Requests for Comments**

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility? Please explain your answer.
2. Is the estimate of the burden of the information collection accurate? Please explain your answer.

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated: July 16, 2024.

For the Nuclear Regulatory Commission.
