Areas

of focus for the communities of research may include research on nanoEHS, nanotechnology education, nanomedicine, nanomanufacturing, climate change, nanometrology, or other areas of potential interest to the nanotechnology community. The communities of research are not intended to provide any government agency with advice or recommendations; such action is outside of their purview.

*Registration:* Due to space limitations, pre-registration for workshops is required.

Workshop registration is on a first-come, first-served basis. Registration information will be available at
